CITY OF UKIAH PERMIT BOUNDARIES (CITY LIMITS)

IN THE AREA OF DOWNTOWN UKIAH, STREETS ARE DESIGNATED AS EAST OR WEST FROM THE CROSSING OF STATE ST. STREETS ARE DESIGNATED AS NORTH OR SOUTH FROM THEIR CROSSING OF PERKINS ST.

PHASE I TERM 4 NPDES BOUNDARY

Intent of Use

The intent of the revised NPDES boundary is to update the boundary to the United States Department of Agriculture's (USDA) delineation of the Mark West Creek Watershed encompassing the perimeter of the Laguna de Santa Rosa Watershed, the State of California Regional Water Quality Control Board's RB1 (North Coast Region)/RB2 (San Francisco Bay Region) interior boundary, the expanded Healdsburg and Graton General Plan 2020 Urban Service Area (USA) boundaries and based on the General Plan 2020 USAs, the four new Phase 2 to Phase 1 Areas of Forestville, Occidental, Monte Rio, and Guerneville.

The boundary will be used to determine areas subject to special NPDES storm water requirements to improve water quality. In particular this boundary will assist in determining where low impact development post construction best management practices (LID BMPs) are required to improve water quality.
