Dear Mr. Grimm:

Subject: Response to November 13, 2019 Request for Extension and Amendment to Water Code Section 13267 Investigative Order R1-2019-0056

File: Fox Hollow, 1615 Fulton Road, City of Santa Rosa, Sonoma County (Site) WDID Nos. 1 49C377076 and 1B16026WNSO

The North Coast Regional Water Quality Control Board (Regional Water Board) received your e-mail dated November 13, 2019 addressed to Laura Drabandt, Attorney III for the Office of Enforcement. Your message requested time extensions for the requirements contained in the Water Code Section 13267 Investigative Order issued November 8, 2019. It stated that City Ventures needs more time to coordinate with several consultants to compose the Bypass Reports (Directive A) originally due November 22, 2019 and the Storm Water Discharge Volume and Cost Estimates (Directive E) originally due December 9, 2019.

Your extension requests to submit the Bypass Reports (Directive A) by December 3, 2019 and to submit the Storm Water Discharge Volume and Cost Estimates (Directive E) by December 18, 2019 are granted. Investigative Order R1-2019-0056 is hereby amended to reflect the two new dates.

All other directives, due dates, and provisions in Investigative Order R1-2019-0056 remain the same. As stated in Notifications 1 and 2 in the Order, the Regional Board reserves its rights to take any enforcement action authorized by law. Pursuant to Water Code section 13268, failure to submit the required technical reports as required by the Order or falsifying any information provided therein may result in the imposition of administrative civil liability of up to \$1,000 per violation per day.

Should you have any questions, please contact Laura Drabandt at Laura.Drabandt@waterboards.ca.gov by email or at (916) 341-5180.
