Dear Mr. Reimers:

I am in receipt of Chris Andrian's letter of October 4, 2023, requesting an extension to the deadline for implementing the Restoration Mitigation and Monitoring Plan and providing justification for that request. Stipulated Order No. R1-2023-0045 incorporated a settlement agreement that granted an extension for implementation of a RMMP until October 15, 2023. By this letter, I hereby modify Cleanup and Abatement Order No. R1-2019-0045 Directive No. 6 and approve the requested extension of the implementation deadline to October 15, 2024.

I understand that you have been in touch with our staff and have committed to providing information on how you intend to stabilize the site over the winter while you await permits. I'd like to reiterate here our expectation that you communicate that information to our staff and stabilize the site prior to the onset of the rainy season.

Sincerely,

Valerie Quinto  
Executive Officer
