Supporting documents for agenda items are posted on our website at least 10 days prior to the scheduled meeting. To view or download documents, go to www.swrcb.ca.gov/rwqcb1.

Comments on individual agenda items are welcome. A set of draft materials for each agenda item that will be considered by the Regional Water Board is mailed to each person on the interested parties list. If you wish to be added to our interested parties list for a specific agenda item, please contact the staff person listed with the item in this agenda notice.

For comments on an agenda item to be considered by the Regional Water Board, they must be submitted on or before the due date listed in the associated hearing notice, which is mailed to interested parties. Timely submittal of comments gives the Regional Water Board staff and the Regional Water Board members sufficient time to familiarize themselves with your concerns and for staff to address them.

The Regional Water Board may refuse to accept written comments submitted after the due date in the applicable hearing notice. Pursuant to Title 23, California Code of Regulations, Section 648.4, the Regional Water Board may refuse to admit written testimony or evidence into the administrative record if it is not submitted to the Regional Water Board in a timely manner, unless the proponent can demonstrate why he or she was unable to submit the material on time or that compliance with the deadline would create an unreasonable hardship.

Agenda items are subject to postponement. You may contact the designated staff contact person in advance of the meeting day for information on the status of any agenda item.

All persons desiring to address the Board are required to fill out a **speaker card**. The Chair may then determine the number of persons who wish to speak on any one item. Cards are normally provided near the entrance to the meeting room.

Responsibilities and procedures of the Regional Water Quality Control Board come from the state's Porter-Cologne Water Quality Act and the nation's Clean Water Act.

Presentations - The purpose of the meeting is for the Regional Water Board to obtain testimony and information from concerned and affected parties and make decisions after considering the recommendations made by the Executive Officer. The Regional Water Board and staff welcome information on pertinent problems, but comments at the meeting should be brief and directed to specifics of the case to enable the Regional Water Board to take the appropriate action.

In order to give everyone an opportunity to be heard, a time limit for oral comments may be imposed on any agenda item. Interested persons are encouraged to submit their comments in writing by the applicable due date and use time for oral comments to summarize those concerns. **Speakers should plan to deliver their oral comments within 3 minutes.** If a longer period of time is desired, speakers will be expected to notify the Regional Water Board staff prior to the meeting date, for scheduling purposes.
