**Notice of Public Hearing
for
Order No. R1-2022-0031
Conditional Waiver of Waste Discharge Requirements
for Specific Categories of Low Threat Discharge
in the North Coast Region**

On the basis of preliminary staff review and application of lawful standards and regulations, the California North Coast Regional Water Quality Control Board (Regional Water Board) proposes to adopt Conditional Waiver of Waste Discharge Requirements for Specific Categories of Low Threat Discharge in the North Coast Region, Order No. R1-2022-0031, which will replace previously adopted Order No. R1-2017-0039.

Proposed revisions include the addition of waiver category “Flood Managed Aquifer Recharge”. Regional Water Board staff has concluded that waiving waste discharge requirements for this category of waste discharge is appropriate for discharges that comply with the waiver category conditions.

This item will be available for public comment **from August 22, 2022 through September 22, 2022**. Comments and questions regarding the draft Order should be directed to Rachel Prat at Rachel.Prat@waterboards.ca.gov.
