**City of Rohnert Park Recycled Water Program  
Sonoma County  
WDID NO. 1B20111RSON**

On March 18, 2020, the North Coast Regional Water Quality Control Board (Regional Water Board) received a Notice of Intent (NOI) for coverage of the City of Rohnert Park (hereafter City) Recycled Water Program under State Water Resources Control Board Water Quality Order No. 2016-0068-DDW, Water Reclamation Requirements for Recycled Water Use (General Order).

The Regional Water Board Executive Officer proposes to issue a Notice of Applicability (NOA) to enroll the City under the General Order. Additionally, Monitoring and Reporting Program (MRP) No. R1-2020-0030 is proposed as a condition of compliance with the General Order. The NOA and MRP will be available for public review and comment for 14 days beginning August 21, 2020, and ending on September 4, 2020, on the Regional Water Board [website](#).

The Regional Water Board Executive Officer will consider issuing the NOA and MRP, approving the City's enrollment under the General Order as a ministerial action after completion of this public review period for these documents.
