

Informal review of staff decisions may occur upon request by presenting in writing the issues in dispute, the legal or other basis for the requested review, and the remedy sought. If the issue is not resolved after review by a supervisor, a person may seek resolution with the Executive Officer. Any aggrieved person may request the Regional Water Board to reconsider a decision, determination or action by the Executive Officer. The Regional Water Board may, in its discretion, review the matter. To the extent that the action is subject to Water Code section 13320, any person affected by an action of the Regional Water Board, or delegated action by the Executive Officer of the Regional Water Board, may petition the State Water Resources Control Board (State Water Board) to review the action in accordance with section 13320 of the Water Code and title 23, California Code of Regulations, section 2050. Copies of the law and regulations applicable to filing petitions will be provided upon request, and may also be obtained at the website [http://www.waterboards.ca.gov/public\\_notices/petitions/](http://www.waterboards.ca.gov/public_notices/petitions/). Note that even if reconsideration by the Regional Water Board is sought, filing a petition with the State Water Board within the 30-day period is necessary to preserve the petitioner's legal rights.
