- Do we have to have a revised permit?
- Riparian protection has had complaints.
- Oyster beds → WQ complaints.
- Bd members asked for changes to respond to complaints.
- Has been many improvements.
  - if haven't heard from Reg Bd. then you prob. are fine.
- $25-100K ave dairy has spent on improvements.

Incentive based prog is best.
- Don't req. everyone to change bus. practices if they are not a prob.

- Trust what they are doing
  - Minimize burden - less paperwork
- don't mess w what's working
- Is there new # of head for new dairies?
- We don't regulate residential.
- Under 50 - currently no fees.
  → need data to support new #'s.

- Tiers?
  - threat to WQ
    - dif tiers of risk.
  - smaller dairies may be in tier w/o NMP.

- Surf. water Mon. Prog.
  - Don't have to join a group
  ≈ $100/yr. QAQC approved.
  3x/winter.
  → if hit → need to fix BMPs.
  - may need to write regs
  so hits are dealt w

. Group sampl. allows for anonymous. sampl.
  - id. hits. → take care of prob.
  - language may need to be tightened up.
  - look at Reg 2, 5.

- Group sampling is best way to get baseline data.
  → 99% not causing probs.

- Can ask for extension
  if tell why
- Only 1 lab in Humboldt Co.
  → group sampl.
  ✱ RCD → makes sense
  Prefered - independent doing it
- 2-3 tiers depend. on results
  - may reduce freq of.
  sampling if no hits.
- Helpful to know where sampl.
  occurs.
- NMP - expensive - who looks at it?
  - not functional.
  - gets WQ projects
  funded
  - recommend update every 5 yrs.
  - new soil sample. etc.
- NRCS → helps fund NMP
  - up to 50%.

08.23.2017 15:31

- NMP - not req'd to hand it in.
  - avail to Reg Bd
  - on site.
  - WQ improvement projects.
- Dairy industry → GWDR
  - Wanted more long term stability
  - no autom. review in 5 yrs
  - certainty -
  - seems to best regulatory mix.
- Waiver → orig free

Pros/Cons of 1 permit vs 3.

- NPDES permit - lot of work not used.
  - people prefer State permit.

Gen WDR → fee, NMP

Most just had Waiver

Are Email Comments rec'd public?

frustrating - dairies mostly not doing anything wrong.

wrong - others need to be regulated:

- marijuana,
- beef,
- etc.

Most want Sim. permit.

- perhaps add paragraph on riparian mgmt plan.

- Take them to 3 dairies that were shut down due to Regs/costs.

- Go to Sept St Bd mtgs when fees are set.

Why do we monitor?

→ protect BU's.

08.23.2017 15:32

- When is it their time?
  & other industries → eg. beef.
  other livestock land uses
  - make it fair across the board for everybody -
  - rangeland also needs to be dealt with - takes resources/time.
- Water 31 should take $ + put it where majority of issues are
  - cannabis
  - beef
  - etc.
  - homelessness.
  - GRAP. -
  - what is the issue in the watershed?
- Flow issues.
  - Downstream impacts.
