Jeanine Townsend, Clerk to the Board
State Water Resources Control Board
1001 I Street, 24th Floor
Sacramento, CA 95814-0100

Dear Board Members,

I am writing you because I am in favor of the State Water Board's proposal to increase river flows to 40% of the unimpaired river flows that would naturally be in the river if agriculture or other water users didn't divert so much water. This will not only benefit the fish but will help protect the riparian environment around the rivers. PLEASE KEEP MORE WATER IN THE RIVERS. Thank you very much!

Sincerely,

Mike Mullen
