Dear Chair Marcus,

California's State Water Resources Control Board
08/17/17

Subject: Save California's Wetlands

Dear Chair Marcus and Members of the Board

"California's wetlands have been decimated in the last century in fact they've been reduced by more than 90 percent... Once the Trump administration repeals and weakens the federal Clean Water Rule, many important California wetlands, including vernal pools, will be stripped of Clean Water Act protections... the current system isn't working."

On June 27, 2017 and again on: August 16, 2017

"I... reported to... (INTERPOL and ICC): USA allegiance to kill marine/wildlife by ocean acidification (and other "insults": seismic blasting, overfishing, use of previously EPA banned chemicals, etc.) It is a continued campaign by the USA (Trump, cabinet members to support an Oligarch Empire, a strategy of 1970 to the sound of "Mozart Mass Requiem", as indicated in 8/1970 (to (i)) by Clinton, Obama, Hitler, Geithner, Putin: (use of children as strategist to injury, mayhem, murder, global warming: 8/1970.))"

At this juncture, Saving California's Wetlands comes down to you (State Water Resources Control Board) and "what you do." (See letter below.)

Sincerely,
Zu

Dear FBI Director Christopher Wray, INTERPOL, Office of the Prosecutor
- ICC, United Nations - Security Council:

Do you think this is normal(?). Homicide, attempted homicide, rape, attempted rape w/knife, false imprisonment, batteries, poisonings, criminal conspiracy to commit serious bodily injury in denial of just application of RICO Act (10/1970) and "No Ex-Post Facto Law (Latin for "from a thing done afterward") (US Constitution: 09/1787)(?)".)

I have contacted INTERPOL & FBI (Muller & Comey: 2008-2017):
FBI Field Offices in CA (VTA, LA) and FBI Field Offices: Washington, Oregon: 2017; local violations of RICO Act in support of MIC and PIS to sustain Trump and perversion to power, is surreal in Santa Barbara County.

It is not that I am surrounded by anti-environmentalist - corruption in Santa Barbara County is vast, as it is engagement of crime to support criminal leaders with connections to money and/or political office (power.)

Students & Staff at UCSB, Cal Poly, Allan Hancock College (AHC), Santa Barbara City College, Missouri Valley College; Santa Barbara Outrigging Canoe Club (SBOCC) and fellow paddlers with SCORA...: local law enforcement - SWAT, CA Highway Patrol, Pismo Beach Police Department, Santa Maria Police Depart, Santa Barbara Police Depart, Santa Barbara Sheriff Depart...: Trader-Joes, Lassens, Inshape Gym, (etc); all Doctors and area residents (Foxenwoods, Rancho Goleta Mobile Home Park (etc)): participated in the crimes of attempted homicide upon (i) and enjoyed the batteries, rape(s) (Tonya Burch, Kristine Ollikkala, Deanna Patterson, Theresa Diponto, Phyllis Burzee...) poisonings (etc.), as coordinated by the federal government (Public Insult Coordinator, Dan Pederson (with former teammate Julie Foudy)) and Santa Barbara County DA Office (in violation of RICO Act): resulting in serious injury, as it was "funny" to distort reality for "right to kill (re: quash of No Ex-Post Facto Law.)"

Each individual acts/acted for desire to 'see' the horror of crime. And more hurtful, debilitating the injury - the more funny (see court cases: (civil) UCSB North Tower - 3rd Floor (attempted rape w/knife): (civil - RO) SBOCC (attempted homicide): (civil) VTA Harbor Patrol/SBCO Probation Depart (insult to create employment loss), etc.)

Crimes upon (i), beginning 8/1970: crimes meant to keep (i) shuttered away: invisible to law enforcement by corruption of: marginalized and declared "outlaw": crimes of 46 years that is tied to the health of oceans by FBI Director Hoover, Associate Director Tolson and FBI Special agent Mark Felt.

But questions remain:

Which oligarch family is running the US Government?
Why was Hoover, Tolson and Mark Felt publicly insulted?
Why has power corrupted law through US Supreme Court?
Why FBI has not charged Sheriff B. Brown, BoS or DA J. Dudley?
Why FBI has not charged Phillip Zimbardo & Yael Niv?
Why did USA harbor Adolf Hitler to support "parasitic child leadership(?)"
Why was RICO Act enforcement denied just application?
Why 46 yrs of crime un-checked to support perversion to (i) & oceans?

Why has DA Joyce Dudley & SBCO staff been allowed to injure and batter (i) (every day for 8+ yrs), till swollen and deformed in public view to support the criminal political campaign of Trump to kill marine/wild life and oceans through global warming? To support FBI Director Mueller III and J. Comey?

Why has Allan Hancock College (AHC) supported that? I have been insulted out of my career and out of Calculus class, by AHC staff & students. AHC supports that (i) have "no right to life"... because...(?);

None of what's been said is counting all the insults that injured (i), by SBCO employees & residents of, since the violations of RICO Act began, in 1974.

####

Has anyone addressed criminal conspiracy by the P5 of United Nations and other political leaders (post Yalta conference), in furtherance to global warming by strategic design of parasitic children of a criminal empire, meant to subjugate all to; how is the dragon of Wessex involved?

(i) considered that law enforcement (federal/state/local) would be the one to use a gun to protect my life; but no law and no enforcement, has (i) being cruelly and repeatedly injured, so all could laugh - leaves (i) drawing a weapon in self defense.

Have you ever killed anyone? Have you ever shot anyone in self-defense of your life? Has everyone around you sought your injury and death to laugh? Then smiled to your face, looking for some sort of twisted level of "intimacy", after so many injuries of intent. Have you ever reported crime(s) done to you to the FBI and then nothing...; then you have not spent one day as (i). I am not concerned about killing an 'innocent'; there is no age of which (i.e. Hillary Clinton 8/1970.)

People apologize, when they make mistakes. Repeated injuries to laugh, with attempts to give the final blow at homicide: is not a mistake. It

is crime(s) of "intent"; anger to render a state of anoxia to have consuetude of what(?). Perpetuation of criminal conspiracy for the hidden Oligarch family that is tied to former FBI Director R. Mueller III, J. Comey and the DA Office of Santa Barbara County(?).

A set of linguistic items that form mutually exclusive choices, yielding a new paradigm for describing trophic cascades caused by human physiological manipulations to sustain perversion and parasitism. (Sequenced to changes over time: specifically, 2000 years: Oceanic circulation.)

It is a good example of top predator-induced cascade being replaced by a pathogen - induced cascade.

Will there be a hybrid type of indirect effect? A top-predator (position of power) vs. value to parasitism (laughter: "we own her (SBCO: Lisa & Doug Fulde)") to yield the dire "regulation of power to control." Or in other words: a consumption of "right to life", thereby sustaining "right to kill (international policy)" which triggers "fight or flight" to a targeted relief: "escapism."

Is that "fight for life" a "mediated indirect effect?" Then what would be the most prevalent category to the trophic cascade(s) be witnessed?

As top predators in wildlife and marine life loose position and authority, from sheer loss in numbers by: loss of oxygen, CO2 saturated oceanic water (acidic oceans), lack of food, toxic water (EPA reductions, Clean Water Rule) (etc): parasites will govern top-down regulation. (Ecosystems will change: there will be death, injury, suffering to marine/wildlife (all life).)

"Escapism" and "fight for life": is managed by who(?): United Nations, ICC, ICJ or FBI(?); or just LAW.

Dear County of Santa Barbara, District Attorney J Dudley:

You are a heinous horror. You and area residents (1974-2017), publicly supported federal officials harboring, protecting Adolf Hitler post WWII to cultivate a parasitic ideal - until he died. You always had the choice to stand for "right to life" or not...; a parasite.

(i) am the target of that Oligarch empire that was targeted by FBI

Director Hoover, Associate Director Tolson and FBI Special agent Mark Felt: an Oligarch empire that began centuries ago.

You false imprisoned (i) with criminal law enforcement, when (i) said who: National Clandestine Services Commanding Officer - James, Ralph of the UN, Santa Barbara County Sheriff B Brown and Deputies (i.e. Daniel & Barbara Osuna), SB Sheriff Department Watch Commander(s) (i.e. Chuck Gerhardt), SWAT, UCSB (Chancellor & students) & SBCC students, Mayor Helene Schneider, Mayor Marty Blum and area residents (etc): had inured to kill (i), for fun: for you and your colleagues.

Yet, a political county is worthless w/out the power of murder on county property (1/2008): while imprisoned, UN Ambassador Susan Rice and Secretary of State Condoleezza Rice, and other(s), showed up to watch the insults to kill (i) (as, SBCO staff laughed w/RGMHP members, and Santa Barbara Outrigging Canoe Club (SBOCC)...) but another died behind bars from poison (literally): a game of murder.

You lied to me to kill (i) in public view w/their support (i.e. Santa Barbara College of Law, SBOCC, UCSB, Rancho Goleta Mobile Home Park, Mayor Blum, Mayor Schneider, Santa Barbara Police Department, etc.) because this political county, supports your perversion. Supports Trump and a Military Industrial Complex (MIC) fueled economy. I literally mean an economy fueled by war(s) and "insults": i.e. Iraq War (oil) and 09/11/01.

(i) said you held (i) out to be killed, a victim of hate crime, with FBI R. Mueller III. But (i) am not the only one:

"It seems clear that based on his history and close "partnership" with

Comey, "one of the closest working relationships the top ranks of the Justice Department have ever seen," Mueller was chosen as Special Counsel not because he has integrity but because he will do what the powerful want him to do. He didn't speak the truth about a war he knew to be unjustified. He didn't speak out against torture. He didn't speak out against unconstitutional surveillance. And he didn't tell the truth about 9/11. He is just their man.

Coleen Rowley, a retired FBI special agent and division legal counsel

whose May 2002 memo to then-FBI Director Robert Mueller exposed

some of the FBI's pre-9/11 failures, was named one of TIME magazine's "Persons of the Year" in 2002. Her 2003 letter to Robert Mueller in opposition to launching the Iraq War is archived in full text on the NYT and her 2013 op-ed entitled "Questions for the FBI Nominee" was published on the day of James Comey's confirmation hearing.

This piece will also be cross-posted on Consortiumnews.com. ("No, Robert Mueller And James Comey Aren't Heroes. The former FBI directors

have acceded to numerous wrongful abuses of power in the post-9/11 era."

[http://www.huffingtonpost.com/entry/conflicts-of-interest-and-ethics-robert-mueller-and_us_5936a148e4b033940169cdc8,08/15/17.\)"](http://www.huffingtonpost.com/entry/conflicts-of-interest-and-ethics-robert-mueller-and_us_5936a148e4b033940169cdc8,08/15/17.)

You, DA Joyce Dudley and FBI Director R. Mueller III, willing engage in the public torture of (i): battered every day for 8+yrs, as (i) asked for law enforcement: inculcating any move made that is "counter-hegemonic - that (i) have "no right to fight for my right to life"" - (i) to be further insulted, injured to death. But that is w/the agreement of biological parents (one a victim of homicide by SBCO employees (he died, 11 months ago - literally, while discussing potential insults for the day upon (i)): a homicide denied by the surviving spouse/bio-parent because "manipulation is power.")

"Mueller was even OK with the CIA conducting torture programs after his own agents warned against participation. Agents were simply

instructed not to document such torture, and any "war crimes files" were made to disappear. Not only did "collect it all" surveillance and torture programs continue, but Mueller's (and then Comey's) FBI later worked to prosecute NSA and CIA whistleblowers who revealed these illegalities.

For his part, Deputy Attorney General James Comey, too, went along with Bush and Cheney after 9/11 and signed off on a number of highly illegal programs including warrantless surveillance of Americans and torture of captives. Comey also defended the Bush administration's three year-long detention of an American citizen without charges or right to counsel. ("No, Robert Mueller And James Comey Aren't Heroes.

The former FBI directors have acceded to numerous wrongful abuses of power in the post-9/11 era."
[http://www.huffingtonpost.com/entry/conflicts-of-interest-and-ethics-robert-mueller-and_us_5936a148e4b033940169cdc8,08/15/17.\)"](http://www.huffingtonpost.com/entry/conflicts-of-interest-and-ethics-robert-mueller-and_us_5936a148e4b033940169cdc8,08/15/17.)

You are the criminal; you have always known, as this is a political county, my identity with FBI Director J. E. Hoover, Associate Director C. Tolson and Special Agent Mark Felt; to be identified as the "outlaw", by Donald Trump, Barack Obama, Timothy Geithner, Vladimir Putin, Hillary Clinton and Adolf Hitler: 08/1970.

Considering all the illegalities of perversion and torture, hurt and injury, for the ultimate injury of homicide ("right to kill": by war, insults (WWI, WWII, Iraq War: 9/11/01, etc.), and by government employees (Sheriff, Police, Fire, DA Office, UN Ambassadors, FBI Directors Mueller III & Comey: Kali Zulu (PC187/664))), there is no law, is there?

"Long before he became FBI Director, serious questions existed about Mueller's role as Acting U.S. Attorney in Boston in effectively enabling decades of corruption and covering up of the FBI's illicit deals with mobster Whitey Bulger and other "top echelon" informants who committed numerous murders and crimes.

U.S. taxpayers footed a \$100 million court award to the four men framed for murders committed by (the FBI operated) Bulger gang. ("No, Robert Mueller And James Comey Aren't Heroes. The former FBI directors have acceded to numerous wrongful abuses of power in the post-9/11 era (http://www.huffingtonpost.com/entry/conflicts-of-interest-and-ethics-robertmuellerand_us_5936a148e4b033940169_cdc8,08/15/17.)"

You boast and give impetus to arrogance (like Mueller, Comey) but FBI Director Hoover, Associate Director Tolson and FBI Special agent Mark Felt, linked RICO Act violations and time (46 years 'ear marked') to my name; but how did you get to be so close with perversion(?): making that your foundation to argument used in court.

There are now, court records and documents of you and your office, intentionally causing injury... (a bid for murder and hurt (injury)); you support Trump's desire that (i) be killed for his Oligarch empire and his perversion to accelerate global warming: is that your band-aid to what you've done?

But more importantly:

Prior to any decision by US Supreme Court to allow a constitutional amendment quashing part of or the entire constitution, which case and by what court was there a per curium permitting brutal violations to RICO Act (upon (i)), from 10/1970 to 08/2017?

How did RICO Act denial before 1993, affect oil development which has lead to acidic oceans and global warming?

1974-2017: Santa Barbara County employees and area residents: through perversion of law and enforcement: actively participate in the crimes that violate the RICO Act, conjoined to the public support of members of the Oligarch empire: Donald Trump, Barack Obama, Timothy Geithner, Vladimir Putin, Hillary Clinton, Adolf Hitler, etc.: 46 yrs of insult that resulted in significant bodily injury to (i) that is mirrored by 46 yrs of insult to oceans (acidic oceans, global warming.) (A "strategic design" to kill oceans to kill wild/marine life (an insult

to earth - an economic and planetary threat.))

Bracing for Impact

Scientists study the effects of increasing ocean acidity on California's marine ecosystems
by Mary Patyten, CDFW Research Writer

Gauging the Threat:

"Historical data shows that ever increasing amounts of CO₂ have been pumped into the atmosphere and absorbed by the ocean since the

beginning of the Industrial Revolution, about two hundred years ago."

Acid from the Air:

"We have seen large increases in CO₂ before, in the distant past," said Richard Feely, a chemical oceanographer and senior research scientist with the Pacific Marine Environmental Laboratory. "But when we examine the geologic record very carefully, we see that these events happened over long periods of time. The current change in concentrations of CO₂ is occurring from 10 to 100 times faster than in the past."

As the sea becomes more acidic relatively quickly, creatures that have

adapted over thousands of years to living within a certain pH range may find life more difficult. One of the main concerns stems from the chemical process that creates carbonic acid, which steals significant quantities of carbonate ions from the water. Carbonate ions are the key building blocks used by many creatures such as clams, oysters and sea urchins to make their calcium carbonate shells and skeletons.

Off the coast of California, shortages of carbonate ions may cause problems for a wide range of local marine residents and migratory visitors, from tiny plankton to Dungeness crabs to predatory tunas--but the problems start with the animals and plants that use carbonate ions directly.

As it becomes increasingly difficult for certain plants and animals to find enough carbonate ions to fill their needs, they will adapt to the shortage, acclimatize to the changes, migrate in search of more

hospitable waters, or go extinct. For some creatures, especially those that don't migrate, adapting or acclimatizing to more acidic waters could mean a reduction in body size or the number of young produced, or a host of other changes. These changes could affect dispersal patterns, change nearshore habitats, or force predators to search for alternate food sources--currently, scientists cannot say with certainty which changes will cascade through marine ecosystems."

CDFW Preparations:

"Ocean acidification, however, is "tied to global ocean processes that are measured in decades and centuries, and go beyond regional boundaries," Aseltine-Neilson said.

Some of these processes will directly affect California waters.

"Cold, dense surface waters in the far northern Pacific Ocean sink and then meander like a giant ocean river first toward the equator, then

northward toward the West Coast of the United States,"

said Aseltine-

Neilson. "After 30 to 50 years, these waters well up along our coast.

They carry with them the history of their passage, including more acidic waters from different depths as well as surface waters.

Researchers

have already seen more acidic, upwelled water at some locations off

California. We'll likely see this trend increase and cover larger areas off our coast."

Application of RICO Act and "No Ex-Post Facto Law" post the 1993 Supreme Court decision to any action requested by the Depart of Justice to the FBI to determine whether a cause for legal action exists to correct an injustice (use of RICO Act to interrupt death: global warming), would mean what(?)...;

What purpose does your ignorance serve(?): the "right to kill at will"(?). Is that an act of supremacy or a question of self-legitimacy? Why don't you ask Allan Hancock College: Mary Alice Majoue, Dominic J. Dal Bello, Liz West: how it feels to be (i). Those (3) fantastically think (i) can be suborned, like you.

Patrons to your twisted ideas of supremacy and corruption, face no public, political or criminal repercussions because YOUR office - DA Office of Santa Barbara County - sanctioned the offenses as

"necessary."

(i) want you dead:

Sincerely,

Kali Zulu
