1001 I Street, Second Floor
Sacramento, CA

BACKGROUND

The March 18, 2020 workshop is being held in compliance with Order WR 2017-0134 to receive a progress update on the SSMP.

On November 7, 2017, the State Water Board adopted Order WR 2017-0134 amending revised Order WR 2002-0013 to incorporate additional conditions that set forth specific restoration milestones to address public health and environmental concerns. Condition 24 describes the annual acreage milestones outlining that, by the end of 2019, a cumulative 1,800 acres of dust suppression and wildlife habitat was to be completed. Order WR 2017-0134 requires that the Board hold a public meeting no later than March 31 of each year during Phase 1 of the SSMP to receive oral and written comment on the status of Salton Sea restoration.

The order also requires a report from state agencies, due in the first quarter of 2020 to identify: (i) completed projects and milestones achieved in the prior year; (ii) amount of acreage of completed projects that provide dust suppression and habitat restoration, broken down by habitat type; (iii) upcoming projects to be completed and milestones to be achieved prior to the next annual progress report; (iv) the status of financial resources and permits that have not been secured for future projects; (v) any anticipated departures from the dates and acreages identified in condition 24 of the

ISSUES FOR DISCUSSION AT WORKSHOP

The purpose of the March 18, 2020 workshop is for the State Water Board to receive information related to the progress of Phase 1 of the Salton Sea Management Program from state agencies and to receive written and oral comments from the public. The State Water Board is seeking information from interested parties related to progress or actions since the last State Water Board Salton Sea Workshop on March 19, 2019. The California Natural Resources Agency will prepare and submit an annual report on the SSMP to the State Water Board. Once submitted, a link to this report will be provided on the State Water Board's Salton Sea Program webpage: https://www.waterboards.ca.gov/waterrights/water_issues/programs/salton_sea/ and the California Natural Resources Agency's Salton Sea Management Program webpage: <http://saltonseaca.gov/>.

A draft workshop agenda is attached to this notice. The workshop is also an opportunity for interested persons to provide input to the State Water Board regarding the status of the SSMP. Input can be provided by submitting written comment or providing oral comment during the workshop as described below under procedural matters.

PROCEDURAL MATTERS

This workshop is for informational purposes and no formal action will be taken. While a quorum of the State Water Board may be present, the State Water Board will not take formal action at the workshop. There will be no sworn testimony or cross-examination of interested persons, but the State Water Board and its staff may ask clarifying questions.

In addition to the content described above, the workshop is an opportunity for interested persons to provide input to the State Water Board. At the workshop, interested persons will be given an opportunity to summarize and supplement any written comments with oral comments. To ensure a productive and efficient meeting in which all interested persons have an opportunity to participate, oral comments at the workshops may be time-limited.

SUBMISSION OF WRITTEN COMMENTS

Interested persons must submit written comments by **12:00 p.m. on March 12, 2020.**
