

## *Summary of Comments and Responses*

### **Key for Reading the Comments and Responses Table**

Column 1	<p><b>Comment Number:</b> Each comment has been assigned a comment number consisting of two parts which are separated by a period. Starting from the left, the comment number begins with a number representing the interested party that submitted the comment. The list of commenters, with their assigned codes, is provided in the previous sub-section.</p> <p>Following the comment number is a number that represents the individual comment presented in the submittal or testimony. Comment numbers less than 100 are comments for the period March 5, 1998 through May 15, 1998. Comment numbers greater than 100 are comments received between June 5, 1998 and June 29, 1998 on the draft final version of the FED (DWQ/SWRCB, 1998b).</p> <p>During the development of the response to comments it became necessary to further split comments so they could be responded to better. In these cases individual comments that were split received a letter of the alphabet in addition to the numeric code (e.g., 35.1a (Commenter 35, Comment 1, part a)).</p>
Column 2	<p><b>Summary of Comment:</b> The column provides a summary of each individual comment the SWRCB received on the March 1998 draft Water Quality Control Policy for Guidance on the Development of Regional Toxic Hot Spot Cleanup Plans.</p>
Column 3	<p><b>Response:</b> The column contains the SWRCB response to each comment.</p>
Column 4	<p><b>Revision:</b> This column states whether the proposed Policy was revised based on the comment.</p>
