

STATE OF CALIFORNIA
CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

STAFF SUMMARY REPORT (Christine Boschen)
MEETING DATE: July 21, 2004

ITEM: 10

SUBJECT: **Contra Costa County Clean Water Program (CCCWP), Contra Costa County**
– Third Amendment of Order No. 99-058

CHRONOLOGY: Municipal Stormwater Permit Reissued – July 1999
First Amendment (New and Redevelopment Control Measures) adopted –
February 19, 2003

DISCUSSION: As a result of the San Francisco Superior Court’s Writ of Mandate and Statement of Decision issued on November 14, 2003 (see Staff Summary Report, Item No. 8), various administrative approvals to changes to the Stormwater Management Plan since adoption of Order No. 99-058 (a municipal stormwater permit that is described further in the Staff Summary Report in Item No. 8) have in effect been invalidated because they were not subject to the correct notice and comment procedures. This Tentative Order (Appendix A) 99-058 brings those invalidated administrative changes and any pending requests for approvals relating to the Discharger’s Stormwater Management Plan to the Regional Board for consideration and adoption under a public process. Adoption of the Tentative Order has the effect of formally approving those efforts that are already being implemented by the Dischargers since they were previously sanctioned by the Board staff. Staff therefore recommends adoption of the Tentative Order.

This Tentative Order is distinct from Item No. 8 in that the latter only deals with those amendments to the permit that are necessary to comply with the San Francisco Superior Court’s Writ of Mandate and Statement of Decision.

The Tentative Order was noticed for public comment in May 2004. The minor and editorial comments received from the Dischargers applied to Item No. 8 only (Appendix C-2 of Item No. 8). A letter in support of this amendment and Item No. 8 was received from the Alameda Countywide Clean Water Program.

Staff recommends adoption of the Tentative Order.

RECCOMEN-
DATION: Adopt the Tentative Order

File No. 1538.01 (CEB)
