

TABLE OF CONTENTS

1.0 INTRODUCTION	1
1.1 PLAN PURPOSE.....	1
1.2 SFPUC RESPONSIBILITIES	1
2.0 HRP PROGRAM BACKGROUND.....	2
3.0 SITE SPECIFIC EXISTING CONDITIONS	3
3.1 LOCATION AND MITIGATION AREA BOUNDARY	3
3.1.1. Adobe Gulch Creek Wetland Creation Site	3
3.1.2. Adobe Gulch Grasslands Restoration Site	4
3.1.3. Boat Ramp Sites.....	4
3.1.4. Homestead Pond Site	5
3.1.5. San Andreas Reservoir Wetland Creation Site	5
3.1.6. Sherwood Point Oak Restoration Site.....	6
3.1.7. Skyline Boulevard Habitat Improvement Site	6
3.1.8. Skyline Quarry Wetland Restoration Site	7
3.1.9. Upper San Mateo Creek Wetland Creation Site	7
3.2 LAND USE.....	8
3.2.1. Historical Use (1769-2010).....	8
3.2.2. Current Land Use	8
3.3 BASELINE STUDIES/SURVEYS	8
3.4 TOPOGRAPHY, SOILS, SUBSTRATE, AND HYDROLOGY.....	8
3.4.1. Adobe Gulch Creek Wetland Creation Site	9
3.4.2. Adobe Gulch Grasslands Restoration Site	9
3.4.3. Boat Ramp Sites.....	9
3.4.4. Homestead Pond Site	9
3.4.5. San Andreas Reservoir Wetland Creation Site	10
3.4.6. Sherwood Point Oak Restoration Site.....	10
3.4.7. Skyline Boulevard Habitat Improvement Site	10
3.4.8. Skyline Quarry Wetland Restoration Site	10
3.4.9. Upper San Mateo Creek Wetland Creation Site	11
3.5 AQUATIC FEATURES AND JURISDICTIONAL AREAS	11
3.5.1. Adobe Gulch Creek Wetland Creation Site	11
3.5.2. Adobe Gulch Grasslands Restoration Site	11
3.5.3. Boat Ramp Sites.....	11
3.5.4. Homestead Pond Site	11
3.5.5. San Andreas Reservoir Wetland Creation Site	12
3.5.6. Sherwood Point Oak Restoration Site.....	12
3.5.7. Skyline Boulevard Habitat Improvement Site	12
3.5.8. Skyline Quarry Wetland Restoration Site	12
3.5.9. Upper San Mateo Creek Wetland Creation Site	12
3.6 VEGETATION	13
3.6.1. Adobe Gulch Creek Wetland Creation Site	13
3.6.2. Adobe Gulch Grasslands Restoration Site	13
3.6.3. Boat Ramp Sites.....	13
3.6.4. Homestead Pond Site	13

3.6.5. San Andreas Reservoir Wetland Creation Site	13
3.6.6. Sherwood Point Oak Restoration Site.....	14
3.6.7. Skyline Boulevard Habitat Improvement Site	14
3.6.8. Skyline Quarry Wetland Restoration Site.....	14
3.6.9. Upper San Mateo Creek Wetland Creation Site	14
3.7 THREATENED, ENDANGERED, SPECIAL STATUS SPECIES OR SENSITIVE HABITATS.....	14
3.7.1. Bay Checkerspot Butterfly.....	14
3.7.2. California Red-Legged Frog	15
3.7.3. Callippe Silverspot Butterfly	16
3.7.4. Mission Blue Butterfly.....	16
3.7.5. San Francisco Garter Snake	16
3.7.6. Western Pond Turtle	17
3.7.7. Special-Status Plants.....	18
3.7.8. Other Special-Status Species	19
4.0 MANAGEMENT GOALS, OBJECTIVES, AND STRATEGIES	20
4.1 GRASSLAND.....	21
4.1.1. Ecological Basis for Management	21
4.1.2. Grassland Enhancement Opportunities	22
4.1.3. Grassland Long-Term Goals, Objectives, and Strategies	23
4.2 OAK WOODLAND	24
4.2.1. Ecological Basis for Management	24
4.2.2. Oak Woodland Enhancement Opportunities.....	24
4.2.3. Oak Woodland Goals and Objectives	25
4.3 PONDS AND PERENNIAL WETLANDS.....	26
4.3.1. Ecological Basis for Management	26
4.3.2. Pond and Wetland Enhancement Opportunities	27
4.3.3. Ponds and Perennial Wetlands Goals and Objectives.....	27
4.4 SEASONAL WETLANDS.....	29
4.4.1. Ecological Basis for Management	29
4.4.2. Seasonal Wetland Enhancement Opportunities	29
4.4.3. Seasonal Wetland Long-Term Goals, Objectives, and Strategies	29
4.5 RIPARIAN WOODLAND	31
4.5.1. Ecological Basis for Management	31
4.5.2. Riparian Woodland Enhancement Opportunities	31
4.5.3. Riparian Woodland Long-Term Goals, Objectives, and Strategies.....	32
4.6 SCRUB	33
4.6.1. Ecological Basis for Management	33
4.6.2. Scrub Enhancement Opportunities	33
4.6.3. Scrub Long-Term Goals, Objectives, and Strategies.....	33
5.0 GRAZING AND INVASIVE SPECIES MANAGEMENT STRATEGIES.....	35
5.1 GRAZING.....	35
5.1.1. Ecological Basis for Grazing	35
5.1.2. Grazing Management Areas.....	35
5.1.3. Adaptive Management Approach	36
5.2 NON-NATIVE INVASIVE PLANT MANAGEMENT	37

5.2.1. Biological Control.....	37
5.2.2. Chemical Control.....	38
5.2.3. Physical Control.....	40
5.2.4. Successional Management.....	41
5.2.5. Target Invasive Species of SFPUC Mitigation Sites.....	41
5.2.6. Treatments for Individual Invasive Species.....	42
5.3 INVASIVE PREDATOR CONTROL.....	52
5.4 MANAGEMENT SCHEDULE.....	52
6.0 MONITORING.....	54
6.1 HABITAT / VEGETATION MONITORING.....	54
6.1.1. Grassland.....	54
6.1.2. Oak Woodland.....	54
6.1.3. Ponds and Perennial Wetlands.....	55
6.1.4. Seasonal Wetland.....	55
6.1.5. Riparian Woodland.....	55
6.1.6. Scrub.....	56
6.2 INVASIVE PLANTS.....	56
6.3 WILDLIFE.....	56
6.4 HYDROLOGY, GEOMORPHOLOGY, AND EROSION/SEDIMENTATION.....	57
6.5 EROSION IN RIPARIAN AND WETLAND AREAS.....	57
6.6 ROADWAY AND DRAINAGE INFRASTRUCTURE.....	58
6.7 PHOTO-DOCUMENTATION.....	59
6.8 MONITORING SCHEDULE.....	59
7.0 ADAPTIVE MANAGEMENT.....	60
8.0 REPORTING.....	62
8.1 CONTENT.....	62
8.2 SCHEDULE.....	62
9.0 REFERENCES.....	63

TABLES

Table 1. Special-Status Plants Known to Occur in the Mitigation Sites.....	18
Table 2. Target Habitat Types for the Mitigation Sites.....	21
Table 3. Details of Potential Grazing Areas Within the Peninsula Region Habitat Reserve Program Mitigation Sites.....	36
Table 4. Herbicides and Surfactants Approved for Use on SFPUC Lands.....	39
Table 5. Target Invasive Plants for Control at the Mitigation Sites.....	41
Table 6. General Control Techniques for Each Target Invasive Plant Species of the Mitigation Sites.....	43
Table 7. Monitoring Schedule for the Mitigation Sites.....	59

APPENDICES

Appendix A Figures.....	A-1
Appendix B Wetland Sedimentation Estimates.....	B-1
Appendix C Infrastructure Inspection Frequency.....	C-1
