San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

**NOTICE OF POSTPONEMENT OF PUBLIC HEARING
for
Regional General Permit for
Discharges from Drinking Water Systems in the San Francisco Bay Region**

San Francisco Bay Water Board staff is postponing until further notice the Board's consideration (originally scheduled for August 13, 2014) of a tentative permit regulating discharges from drinking water systems under the National Pollutant Discharge Elimination System (NPDES). Board staff distributed the tentative permit for public comment on May 9, 2014, and received timely written comments by the close of the comment period on June 23, 2014.

The postponement is because the State Water Resources Control Board formally announced in June 2014 its intent to consider a statewide NPDES permit regulating similar discharges, and distributed a draft permit. For more information on the State Water Board's proposed action, please go to http://www.waterboards.ca.gov/water_issues/programs/npdes/drinkingwatersystems.shtml.

Notice of a new hearing date, if any, will be sent to interested persons and published on the Board's website at least 30 days prior to the public hearing during which the Board is to consider the tentative permit. The tentative permit, comments received, this notice of postponement, and any developments on this matter are available at http://www.waterboards.ca.gov/sanfranciscobay/board_decisions/tentative_orders.shtml.
