

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD SAN FRANCISCO BAY REGION

NOTICE OF PROPOSED SETTLEMENT AGREEMENT AND STIPULATED ORDER in the matter of Allstate Plastics LLC

The California Regional Water Quality Control Board, San Francisco Bay Region (Water Board) Prosecution Team and Allstate Plastics LLC have entered into a proposed Settlement Agreement and Stipulated Order. The proposed Settlement Agreement and Stipulated Order impose an administrative civil liability against Allstate Plastics LLC in the amount of \$155,844.

This proposed liability is based on allegations that Allstate Plastics LLC violated the Industrial Stormwater General Permit by allowing the exposure of industrial materials and activities to rain and/or runoff and by not providing a storm-resistant shelter to protect industrial materials and activities from exposure to rain, run-on, and run-off, thus violating the “Condition Exclusion – No Exposure Certification” (section XVII) of the *General Permit for Storm Water Discharges Associated with Industrial Activities*, NPDES Permit CAS000001. The proposed settlement has considered that Allstate Plastics LLC obtained Notice of Intent permit coverage after being told that it was violating the conditional exclusion for facilities that have no exposure to stormwater.

The proposed Settlement Agreement and Stipulated Order are available at [pending enforcement| San Francisco Bay Regional Water Quality Control Board](#). Persons may comment on the proposed Settlement Agreement and Stipulated Order by submitting written comments no later than 5:00 p.m. on June 19, 2025.

For additional information and updates, please contact prosecutorial staff Deirdre Ryan at (510) 622-2372 or Deirdre.Ryan@waterboards.ca.gov or check the Water Board website link cited above for documents and future developments associated with this matter.
