

California Regional Water Quality Control Board
San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612

**NOTICE OF OPPORTUNITY TO COMMENT AND PUBLIC HEARING
FOR
TERMINATION of WATER RECLAMATION REQUIREMENTS**

**City and County of San Francisco
Non-Potable Water Program
525 Golden Gate Avenue, San Francisco, San Francisco County**

Board staff has prepared a draft termination for the above discharger in accordance with the Porter-Cologne Water Quality Control Act. This tentative order would terminate Order No. R2-2017-0036, which was adopted by the San Francisco Bay Regional Water Quality Control Board in September 2017 for the City and County of San Francisco's Non-Potable Water Program. The termination would reflect the adoption and effective date of California's Regulations for Onsite Treatment and Reuse of Nonpotable Water on April 22, 2026. The new statewide regulations establish risk-based water quality standards and requirements for onsite treated nonpotable water systems, including systems within multifamily residential, commercial, and mixed-use buildings. Accordingly, the requirements previously established under Order No. R2-2017-0036 would be superseded by the statewide regulatory framework, with applicable onsite systems transitioning to compliance with the new regulations.

The deadline for receipt of comment on the draft permit is **5:00 p.m. on November 5, 2026**. Comments must be sent to the **attention of Luis Anaya Vasquez**. Persons wishing to file written comments on any aspect of this matter must do so no later than this deadline so that such comments may be considered.

The Board will consider adopting the order to terminate the water reclamation requirements during a meeting to commence at 9:00 a.m. on **December 9, 2026**. Interested persons are invited to express their views at this hearing.

Pursuant to California Code of Regulations Title 23 section 2050(c), any party who challenges the Board's action through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues that were raised before the Board at the hearing or in timely submitted correspondence.

All documents related to the draft permit may be inspected at the Board office. The draft permit and developments on this matter are available at waterboards.ca.gov/sanfranciscobay/board_decisions/tentative_orders.html. Comments received, Board staff responses to comments, and other developments on this matter will be posted on the Board meeting agenda a week prior to the hearing. Contact **Luis Anaya Vasquez** at (510) 622-5681 or Luis.AnayaVasquez@waterboards.ca.gov if you have questions.
