ITEM 8 ERRATA SHEET

Lind Marine Incorporated, Sand Mining in Middle Ground, 2027-2036 – Reissuance of Waste Discharge Requirements and Clean Water Act Section 401 Water Quality Certification

DISCUSSION:

This errata sheet for Item 8 describes nonsubstantive editorial changes proposed by staff. Additions are shown by underlined text, and deletions are shown by ~~striketrough~~ text.

Change 1

We propose the second to last sentence in Section I.B.2 of the Revised Tentative Order read as follows to delete the duplicate “may”:

The wastewater discharges from Bay Area offloading facilities are currently regulated under the Water Board’s General Permit for Aggregate Mining and Sand Washing/Offloading Facilities, Order No. R2-2020-0028, as ~~may~~ may subsequently be reissued.

Change 2

We propose the second sentence in the first bullet in Section I.C of Revised Tentative Order read as follows to delete the unneeded space:

-Lind submitted Biological Assessments for consultation with National Marine Fisheries Service (NMFS) and USFWS regarding potential impacts to federally-listed special status species and essential fish habitat.

Change 3

We propose the fourth sentence in the second bullet of Section I.D of the Revised Tentative Order read as follows to add a space between “pipe” and “and”:

If it becomes necessary to move the barge, the operator raises the suction pipe and clears the pipe for no more than 30 seconds.

Change 4

We propose the first sentence in Section II.B of the Revised Tentative Order, revise as follows to delete “Lind”:

The discharge of decant/overflow water from ~~Lind~~’-hopper barges shall not cause the following conditions to exist in waters of the State:
