<u>Urban Storm Drainage</u> <u>Criteria Manual</u>

Urban Storm Drainage Criteria Manual

Volume 1

Volume 2

Volume 3

Since 1969 the Urban Drainage and Flood Control District has maintained and distributed the Urban Storm Drainage Criteria Manual which consists of three volumes:

- Volume 1 and 2 provide guidance for planning and design of drainageway channels and hydraulic structures
- Volume 3 provides guidance for the selection and design of stormwater quality best management practices.

Volume 3 was completely revised and reprinted in 1999. Volumes 1 and 2 were completely updated in 2001.

Convenient web pages are provided for downloading subseqent revisions and updates to all three volumes.

Volume 1, 2, and 3 are no longer available for purchase. All chapters and related software, spreadsheets and drawings are available for downloads.

To download the spreadsheets, AutoCAD™ details and related software that were developed to assist with the calculations and the use of this *Manual*, go to <u>Downloads</u>.

By downloading any of these files,

you acknowledge that you have read and agree with the terms contained in the Disclaimer.

NOTE: After successfully downloading the files, we recommend that you print the document using the double-sided option immediately and replace the corresponding pages in your copy of the Manual.

UDFCD Computational Tools, and USDCM software Support Group:

A user group was set up through Google™ to serve as a forum for exchange of information about UDFCD supported software and spreadsheets, all freeware.

You are encouraged to join this group in order to get notices on the latest updates to the software Criteria Manual, and spreadsheets available for download from UDFCD. You will also be able to exchange with other users information about problems, solutions, tricks, etc. that you encounter or find

This site will also contain Frequently Asked Questions from the user community to view.

To sign up for this site go to http://groups.google.com/group/UDFCD-support and then proceed to open a Google account if you do not have one, or go to your google account to add this site on your list.

List of Download Files

<u>INSTRUCTIONS:</u> Right click on the selected item and select "Save Target as..." on the drop-down menu. Direct <u>all</u> files to the <u>same directory</u>, either one for each Volume or a single directory containing both Volumes to maintain the hyperlinks between the Table of Contents and individual chapters/sections.

If you download the entire volume at a time, you will be downloading a WinZip file. Extract the files to each Volume's directory to its folder or, if you chose, to a directory containing the files of both Volumes.

Urban Storm Drainage Criteria Manual – 2001 Edition (Includes Later Revisions)

The following contains a list of individual Chapters of the 2001 edition of the Urban Storm Drainage Criteria

Manual's Volumes 1 and 2.

All of them may be downloaded for free in Adobe (*.PDF) format.The note within the "{}" brackets {e.g., 2005-03} gives latest date of that chapter's revision or update.

Each volume contains a section summarizing of the changes made to the 1969 edition of the *Manual* and subsequent revisions/corrections made since the release of the 2001 edition.

If you prefer, you may download the Entire Volume 1 and/or Volume 2 of the *Manual* in WinZip file format by selecting the title of the volume below. Each Volume contains the latest revisions and updates, including the 2005-03 reformatting.

*Download Individual Chapters of the Volumes 1 and 2, or complete Volumes 1 and 2 of the Manual:
