Re: SLO County SWMP
February 26, 2007

Date:

Dear Mr. Lodge,

I am writing in support of San Luis Obispo County in regards to their Storm Water Management Plan that is being considered for approval by the Water Board.

I would like to acknowledge the County's leadership role in the community, particularly with Jill Falcone as a proactive member in our SLO County Partners for Water Quality. Jill and the County in general has been an invaluable resource in the education of the members of our group and of the public for the implementation of the principles and practices required for improving our water quality countywide.

Yours truly,

Brian K. Duncan, P.E.
Associate Civil Engineer
City of Pismo Beach
