CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
 CENTRAL COAST REGION  
 1102-A Laurel Lane  
 San Luis Obispo, California 93401

**CEASE AND DESIST ORDER NO. 88-40**

**Order Requiring  
 Daisy Hill Estates, Inc.,  
 Daisy Hill Mobile Home Park,  
 San Luis Obispo County,  
 to Cease and Desist from Discharging Wastes  
 in Threatened Violation of a Prohibition of Discharge  
 Prescribed by the California Regional  
 Water Quality Control Board, Central Coast Region.**

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Daisy Hill Estates (hereafter Discharger) operates a wastewater collection, treatment, and disposal system providing sewerage service to Daisy Hill Mobile Home Park. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located one-half mile east of Los Osos, adjacent to Los Osos Valley Road, in the NW 1/4 of Section 20, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" & "B" of Order No. 88-39.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 88-39 on March 11, 1988, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Region, (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-39 specifies, in part:

"A. Prohibition:

4. Discharge is prohibited effective November 1, 1988."

The Basin Plan prohibition, Page 5-100, specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13." The discharge cited in Finding No. 2, above is within the Basin Plan prohibition area.

4. Continued discharges of wastes at Daisy Hill Mobile Home Park threatens to violate the discharge prohibitions cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the Daisy Hill Mobile Home Park, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Daisy Hill Mobile Home Park. In the absence of such facilities, it is a virtual certainty that the discharge at Daisy Hill Mobile Home Park will continue after November 1, 1988, at which time the discharge will be in violation of the prohibitions cited in Finding No. 3, above.
5. After due notice to the Discharger and other affected persons, the Board on March 11, 1988, in Solvang, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Regulatory Code.

IT IS HEREBY ORDERED THAT, pursuant to Section 13301 of the California Water Code, Daisy Hill Estates Inc., at Daisy Hill Mobile Home Park, shall comply with Basin Plan prohibition criteria as follows:

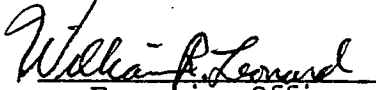

1. Submit a technical report no later than April 15, 1988, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 16, 1988, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

3. Discharger shall achieve compliance with the Basin Plan as soon as possible.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representatives of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on March 11, 1988.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION  
1102-A Laurel Lane  
San Luis Obispo, California 93401

CEASE AND DESIST ORDER NO. 88-42

Order Requiring  
Fern Fox and Linda Brown, Owners,  
Sunny Oaks Mobile Home Park,  
San Luis Obispo County,  
to Cease and Desist from Discharging Wastes  
in Threatened Violation of a Prohibition of Discharge  
Prescribed by the California Regional  
Water Quality Control Board, Central Coast Region.

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Fern Fox and Linda Brown (hereafter Discharger) operate a wastewater collection, treatment, and disposal system providing sewerage service to Sunny Oaks Mobile Home Park. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located one-half mile east of Los Osos, adjacent to Los Osos Valley Road, in the NW 1/4 of Section 20, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" & "B" of Order No. 88-41.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 88-41 on March 11, 1988, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Region, (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-41 specifies, in part:

"A. Prohibition:

4. Discharge is prohibited effective November 1, 1988."

The Basin Plan prohibition, Page 5-100, specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13." The discharge cited in Finding No. 2, above is within the Basin Plan prohibition area.

4. Continued discharges of wastes at Sunny Oaks Mobile Home Park threatens to violate the discharge prohibitions cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the Sunny Oaks Mobile Home Park, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Sunny Oaks Mobile Home Park. In the absence of such facilities, it is a virtual certainty that the discharge at Sunny Oaks Mobile Home Park will continue after November 1, 1988, at which time the discharge will be in violation of the prohibitions cited in Finding No. 3, above.
5. After due notice to the Discharger and other affected persons, the Board on March 11, 1988, in Solvang, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Regulatory Code.

IT IS HEREBY ORDERED THAT, pursuant to Section 13301 of the California Water Code, Fern Fox and Linda Brown at Sunny Oaks Mobile Home Park, shall comply with Basin Plan prohibition criteria as follows:

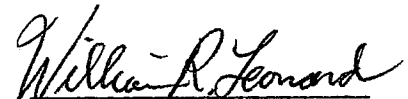

1. Submit a technical report no later than April 15, 1988, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 16, 1988, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

3. Discharger shall achieve compliance with the Basin Plan as soon as possible.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on March 11, 1988.

CEASE AND DESIST ORDER NO. 88-44

**Order Requiring  
 Don Williams, Owner,  
 Sea Oaks Mobile Home Community,  
 San Luis Obispo County,  
 to Cease and Desist from Discharging Wastes  
 in Threatened Violation of a Prohibition of Discharge  
 Prescribed by the California Regional  
 Water Quality Control Board, Central Coast Region.**

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Don Williams (hereafter Discharger) operates a wastewater collection, treatment, and disposal system providing sewerage service to Sea Oaks Mobile Home Community. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located one-half mile east of Los Osos, adjacent to Los Osos Valley Road, in the NW 1/4 of Section 20, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" & "B" of Order No. 88-43.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 88-43 on March 11, 1988, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Region, (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-43 specifies, in part:

"A. Prohibition:

4. Discharge is prohibited effective November 1, 1988."

The Basin Plan prohibition, Page 5-100, specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13." The discharge cited in Finding No. 2, above is within the Basin Plan prohibition area.

4. Continued discharges of wastes at Sea Oaks Mobile Home Community threatens to violate the discharge prohibitions cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the Sea Oaks Mobile Home Community, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Sea Oaks Mobile Home Community. In the absence of such facilities, it is a virtual certainty that the discharge at Sea Oaks Mobile Home Community will continue after November 1, 1988, at which time the discharge will be in violation of the prohibitions cited in Finding No. 3, above.
5. After due notice to the Discharger and other affected persons, the Board on March 11, 1988, in Solvang, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Regulatory Code.

IT IS HEREBY ORDERED THAT, pursuant to Section 13301 of the California Water Code, Don Williams at Sea Oaks Mobile Home Community, shall comply with Basin Plan prohibition criteria as follows:

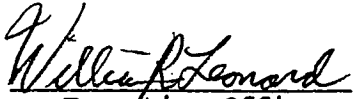

1. Submit a technical report no later than April 15, 1988, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 16, 1988, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

3. Discharger shall achieve compliance with the Basin Plan as soon as possible.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on March 11, 1988.

**Order Requiring  
 Los Osos Town Homes Owner's Association,  
 Los Osos Town Homes,  
 San Luis Obispo County,  
 to Cease and Desist from Discharging Wastes  
 in Threatened Violation of a Prohibition of Discharge  
 Prescribed by the California Regional  
 Water Quality Control Board, Central Coast Region.**

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Los Osos Town Homes Owner's Association operates a wastewater collection, treatment, and disposal system providing sewerage service to Los Osos Town Homes. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located at the intersection of Santa Ynez Avenue and Fairchild Avenue, Los Osos, (Section 18, T30S, R11E, MD B&M, Morro Bay South Quadrangle), as shown on Attachments "A" & "B" of Order No. 86-222.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 86-222 on September 5, 1986, and is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 86-222 specifies, in part:

"A. Prohibitions

4. Discharge is prohibited effective November 1, 1988.

"D. Provisions

1. Discharger shall comply with "Monitoring and Reporting Program No. 86-222", as specified by the Executive Officer."

The Basin Plan prohibition, page 5-100, specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."

4. Los Osos Town Homes Owner's Association has not complied with "Monitoring and Reporting Program No. 86-222" as cited in Finding No. 3, above.
5. Continued discharges of wastes at Los Osos Town Homes threatens to violate the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the Los Osos Town Homes, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve Los Osos Town Homes. In the absence of such facilities, it is a virtual certainty that the discharge at Los Osos Town Homes will continue after November 1, 1988, at which time the discharge will be in violation of the prohibitions cited in Finding No. 3, above.
6. After due notice to the Discharger and other affected persons, the Board on May 6, 1988, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with waste discharge requirements and the Basin Plan prohibition.
7. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Regulatory Code.

IT IS HEREBY ORDERED THAT, pursuant to Section 13301 of the California Water Code, Los Osos Town Homes Owner's Association, at Los Osos Town Homes, shall comply with Basin Plan prohibition criteria as follows:

1. Submit by May 31, 1988, the information required by "Monitoring and Reporting Program No. 86-222".
2. Submit a report no later than June 15, 1988, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.

3. Submit a technical report no later than July 15, 1988, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
4. Discharger shall achieve compliance with the Basin Plan as soon as possible.
5. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representatives of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on May 6, 1988.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 88-171

ORDERING REQUIRING  
SAN LUIS OBISPO COASTAL UNIFIED SCHOOL DISTRICT  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. San Luis Coastal Unified School District operates a wastewater collection, treatment, and disposal system providing sewerage service to Los Osos Elementary School. Treatment facilities consist of septic tanks.
2. Treated wastewater will be discharged to onsite subsurface disposal facilities located at Los Osos Elementary School, on the west side of Doris Avenue between Rosina Avenue and Los Osos Valley Road (Section 13, T30S, R10E, MD B&M).
3. The discharge is subject to Waste Discharge Requirements Order No. 88-170 adopted by the Board on November 18, 1988. As such, discharge from the facilities is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-170 specifies, in part:

"A. Prohibitions

- "4. Effective November 1, 1988, discharge is prohibited."

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13."

4. Discharge of wastes from Los Osos Elementary School violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Los Osos Elementary School, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the school.
5. After due notice to the Discharger and other affected persons, the Board on November 18, 1988, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, San Luis Coastal Unified School District, at Los Osos Elementary School, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

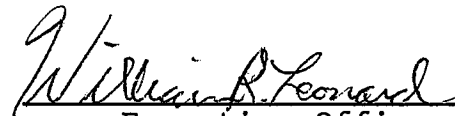

1. Submit a report no later than January 3, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than February 1, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.

4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans as required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on November 18, 1988.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 88-173

ORDERING REQUIRING  
SAN LUIS OBISPO COASTAL UNIFIED SCHOOL DISTRICT  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. San Luis Coastal Unified School District operates a wastewater collection, treatment, and disposal system providing sewerage service to Baywood Elementary School. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located at Baywood Elementary School, bordered by 9th Street, 11th Street, El Morro Avenue, and Santa Maria Avenue, in Los Osos.
3. The discharge is subject to Waste Discharge Requirements Order No. 88-172 adopted by the Board on November 18, 1988. As such, discharge from the facilities is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-174 specifies, in part:

"A. Prohibitions

- "4. Effective November 1, 1988, discharge is prohibited."

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13."

4. Discharge of wastes from Baywood Elementary School violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Baywood Elementary School, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the school.
5. After due notice to the Discharger and other affected persons, the Board on November 18, 1988, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, San Luis Coastal Unified School District, at Baywood Elementary School, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

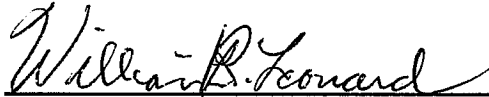

1. Submit a report no later than January 3, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than February 1, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.

4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans as required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on November 18, 1988.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 88-175

ORDERING REQUIRING  
SAN LUIS OBISPO COASTAL UNIFIED SCHOOL DISTRICT  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. San Luis Coastal Unified School District operates a wastewater collection, treatment, and disposal system providing sewerage service to Sunnyside Elementary School. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located at Sunnyside Elementary School, on Manzanita Drive south of Los Osos Valley Road and east of Palisades Avenue, (Section 18, T30S, R11E, MD B&M).
3. The discharge is subject to Waste Discharge Requirements Order No. 88-174 adopted by the Board on November 18, 1988. As such, discharge from the facilities is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 88-174 specifies, in part:

"A. Prohibitions

- "4. Effective November 1, 1988, discharge is prohibited."

The Basin Plan prohibition specified, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13."

4. Discharge of wastes from Sunnyside Elementary School violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwelling and other buildings within the Basin Plan prohibition area, including Sunnyside Elementary School, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the school.
5. After due notice to the Discharger and other affected persons, the Board on November 18, 1988, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, San Luis Coastal Unified School District, at Sunnyside Elementary School, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

1. Submit a report no later than January 3, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than February 1, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.

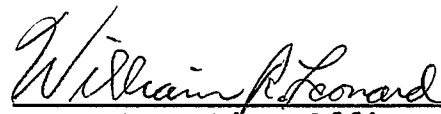

4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans as required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, **WILLIAM R. LEONARD**, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on November 18, 1988.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION  
1102-A Laurel Lane  
San Luis Obispo, California 93401

CEASE AND DESIST ORDER NO. 89-30

ORDERING REQUIRING  
REBECCA OWENS, OWNER,  
REBECCA OWENS DEVELOPMENT,  
SAN LUIS OBISPO COUNTY,  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN THREATENED VIOLATION OF A PROHIBITION OF DISCHARGE  
PRESCRIBED BY THE CALIFORNIA REGIONAL  
WATER QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Rebecca Owens (hereafter Discharger), operates a wastewater collection, treatment, and disposal system providing sewerage service to the Rebecca Owens Development, a 12-duplex development in Los Osos. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located south of Santa Ynez Avenue, Los Osos, (Section 18, T30S, R11E, MD B&M. Morro Bay South Quadrangle), as shown on Attachment "A" & "B" of Order No. 89-06.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 89-06 on February 10, 1989, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 89-06 specifies, in part:

"A. Discharge Prohibitions

4. Effective November 1, 1988, discharge is prohibited."

The Basin Plan prohibition, page 5-100, specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13."
4. Discharge of wastes at the Robert A. Stark Development violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwelling and other buildings within the Basin Plan prohibition area, including the Robert A. Stark Development, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Robert A. Stark Development.
5. After due notice to the Discharger and other affected persons, the Board on February 10, 1989, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

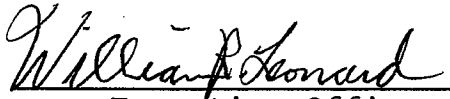

IT IS HEREBY ORDERED, Rebecca Owens, at the Robert A. Stark Development, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

1. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on February 10, 1989.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 89-51

ORDERING REQUIRING  
LOS OSOS CONDOMINIUMS HOMEOWNER'S ASSOCIATION,  
LOS OSOS CONDOMINIUMS,  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Los Osos Condominiums Homeowner's Association operates a wastewater collection, treatment, and disposal system providing sewerage service to Los Osos Condominiums. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located on Eighth Street, Los Osos (Section 18, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" of Order No. 85-118.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 85-118 on September 6, 1985, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 85-118 specifies, in part:

"A. Prohibitions

- "4. Discharge is prohibited effective November 1, 1988."

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."

4. Continued discharge of wastes at Los Osos Condominiums violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Los Osos Condominiums, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the condominiums.
5. After due notice to the Discharger and other affected persons, the Board on February 10, 1989, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, pursuant to Section 13301 of the California Water Code, Los Osos Condominiums Homeowner's Association, at Los Osos Condominiums, shall comply with Basin Plan prohibition criteria as follows:

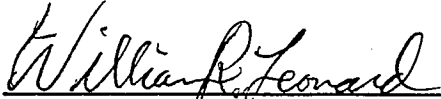

1. Submit a report no later than April 15, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 15, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunctive relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on February 10, 1989.

CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 89-52

ORDERING REQUIRING  
LOST OAK VILLAGE OWNER'S ASSOCIATION,  
LOST OAK CONDOMINIUMS,  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Lost Oak Village Owner's Association operates a wastewater collection, treatment, and disposal system providing sewerage service to Lost Oak Village Condominiums. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located on Santa Ynez Avenue, Los Osos (Section 18, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" of Order No. 86-46.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 86-46 on March 14, 1986, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 86-46 specifies, in part:

"A. Prohibitions

- "4. Discharge is prohibited at such time as public sewers become available.

"B. Discharge Specifications

- "2. Effluent discharged to the leachfield shall not exceed the following limitations:

a. <u>Constituent</u>	<u>Units</u>	<u>Maximum</u>
Total Nitrogen (as N)	mg/l	10
(Organic, Ammonia, Nitrate and Nitrite)	lbs/day	0.34

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."
4. Continued discharge of wastes at Lost Oak Village Condominiums continues to violate Discharge Specifications and violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Lost Oak Village Condominiums, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the condominiums.
5. After due notice to the Discharger and other affected persons, the Board on February 10, 1989, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

**IT IS HEREBY ORDERED**, pursuant to Section 13301 of the California Water Code, Lost Oak Village Owner's Association, at Lost Oak Village Condominiums, shall comply with Basin Plan prohibition criteria as follows:

1. Submit a report no later than April 15, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.

2. Submit a technical report no later than May 15, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunctive relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on February 10, 1989.

CEASE AND DESIST ORDER NO. 89-53

ORDERING REQUIRING  
(RANTEK) EMERSON ELECTRIC COMPANY,  
PTK DIVISION,  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Emerson Electric Company (now known as Rantek) operates a wastewater collection, treatment, and disposal system providing sewerage service to its PTK Division located in Los Osos. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located at 1173 Los Olivos Avenue, Los Osos (Section 18, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachment "A" of Order No. 86-47.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 86-47 on March 14, 1986, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 86-46 specifies, in part:

"A. Prohibitions

- "4. Discharge is prohibited at such time as public sewers become available.

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."

4. Continued discharge of wastes at Emerson Electric Company (Rantek), PTK Division, violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Emerson Electric Company (Rantek), PTK Division, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan Prohibition. No such facilities have been approved or are under construction which would serve this facility.
5. After due notice to the Discharger and other affected persons, the Board on February 10, 1989, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

**IT IS HEREBY ORDERED**, pursuant to Section 13301 of the California Water Code, Emerson Electric Company (Rantek) at PTK Division, shall comply with Basin Plan prohibition criteria as follows:

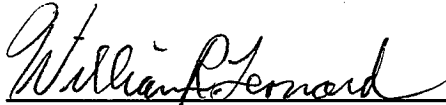

1. Submit a report no later than April 15, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 15, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

- 3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.
- 4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunctive relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on February 10, 1989.

CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 89-54

ORDERING REQUIRING  
SHELRIKK ESTATES OWNER'S ASSOCIATION,  
SHELRIKK ESTATES CONDOMINIUMS,  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Shelrikk Estates Owner's Association operates a wastewater collection, treatment, and disposal system providing sewerage service to Shelrikk Estates Condominiums. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located on Los Olivos Avenue, Los Osos (Section 18, T30S, R11E, MD B&M (Morro Bay South Quadrangle), as shown on Attachments "A" and "B" of Order No. 86-220.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 86-220 on September 6, 1986, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 86-220 specifies, in part:

"A. Prohibitions

- "4. Discharge is prohibited effective November 1, 1988."

The Basin Plan prohibition specifies, in part:

Page 5-100,

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."

## REGIONAL WATER QUALITY CONTROL BOARD

4. Continued discharge of wastes at Shelrikk Estates Condominiums violates the prohibition of discharge cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Shelrikk Estates Condominiums, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the condominiums.
5. After due notice to the Discharger and other affected persons, the Board on February 10, 1989, in Santa Maria, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, pursuant to Section 13301 of the California Water Code, Shelrikk Estates Owner's Association, at Shelrikk Estates Condominiums, shall comply with Basin Plan prohibition criteria as follows:

1. Submit a report no later than April 15, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than May 15, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.

3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunctive relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on February 10, 1989.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 89-95

ORDERING REQUIRING  
ART MISAKI AND CLIFFORD LOEB,  
GENERAL PARTNERS OF M&L FINANCIAL COMPANY,  
SANTA YNEZ APARTMENTS,  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. Art Misaki and Clifford Loeb, General Partners of M&L Financial Company, operates a wastewater collection, treatment, and disposal system providing sewerage service to Santa Ynez Apartments. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located at the Santa Ynez Apartments, 1189 Santa Ynez Avenue, Los Osos (Section 13, T30S, R11E, MD B&M, Morro Bay South Quadrangle), as shown on Attachment "A" of Order No. 86-48.
3. The discharge is subject to Waste Discharge Requirements Order No. 86-48 adopted on March 14, 1986, and subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) adopted by the Board on September 16, 1983. Order No. 87-155 specifies, in part:

"A. Prohibitions

- "4. Discharge is prohibited at such time as public sewers become available."

## "Discharge Specifications

"2. Effluent discharged to the leachfield shall not exceed the following limitations:

a.	<u>Constituent</u>	<u>Units</u>	<u>Maximum</u>
	Total Nitrogen	mg/l	10
	(as N) (Organic, Ammonia, Nitrate and Nitrite)	lbs/day	0.31"

The Basin Plan prohibition specifies, in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution No. 83-13."
4. Continued discharge of wastes at Santa Ynez Apartments violates the prohibition of discharge and Effluent Specification for Nitrogen cited in Finding No. 3, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including Santa Ynez Apartments, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve this facility.
  5. After due notice to the Discharger and other affected persons, the Board on May 12, 1989, in Pismo Beach, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the waste discharge requirements and Basin Plan prohibition.
  6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

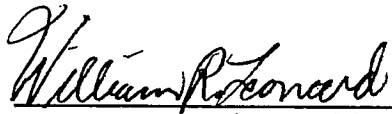

IT IS HEREBY ORDERED, pursuant to Section 13301 of the California Water Code, Art Misaki and Clifford Loeb, at Santa Ynez Apartments, shall comply with Basin Plan prohibition criteria as follows:

1. Submit a report no later than July 3, 1989, outlining a general method of complying with the Basin Plan prohibition and this order. The report shall describe whether compliance will be made by the Discharger alone or by a joint project such as a community system. If a joint project is proposed, the report shall indicate what person or entity will have primary responsibility for carrying out the project, and include a statement by that person or entity that it has agreed or committed to carry out the project.
2. Submit a technical report no later than August 1, 1989, outlining a specific method of complying with the Basin Plan prohibition. The report shall include a demonstration that the specific method proposed will achieve compliance with the Basin Plan prohibition. The report shall also include a schedule of specific actions to be carried out to implement the proposed method of compliance, including deadlines for submission of any application for waste discharge requirements or other permit approvals necessary to implement the proposed method of compliance.
3. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than December 31, 1992.
4. All technical and monitoring reports required in conjunction with this Order shall include a statement by the Discharger or an authorized representative of the Discharger certifying under penalty of perjury under the laws of the State of California that the report is true, complete, and accurate. Technical reports and plans required in Item No. 2, above, shall be prepared and signed by a registered geologist, registered engineer, or certified engineering geologist.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunctive relief and civil or criminal liability.

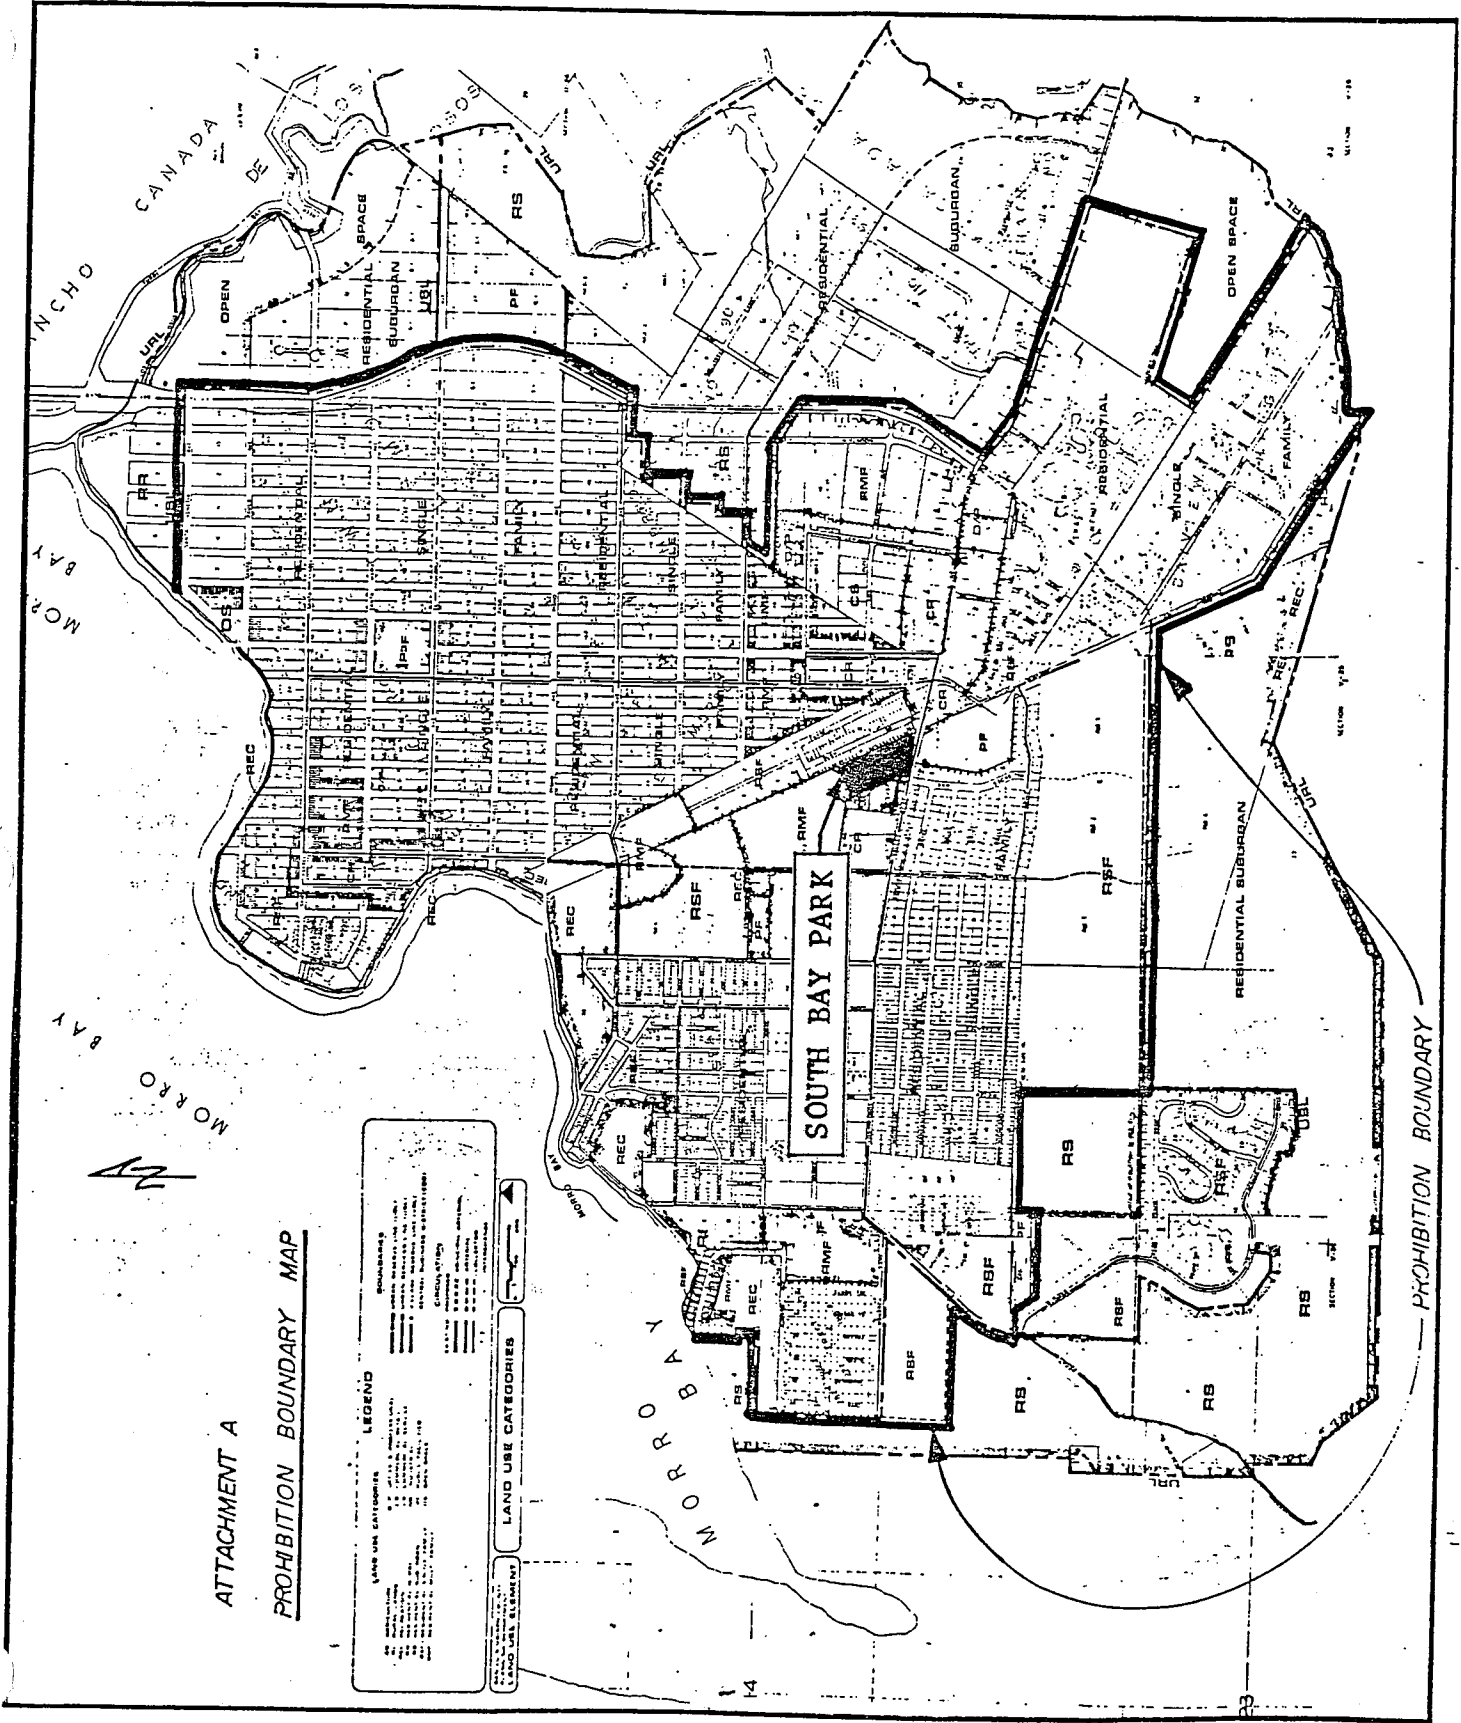

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on May 12, 1989.

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION

CEASE AND DESIST ORDER NO. 89-124

ORDER REQUIRING  
SAN LUIS OBISPO COUNTY,  
DEPARTMENT OF GENERAL SERVICES,  
LOS OSOS LIBRARY,  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD,  
CENTRAL COASTAL REGION

The California Regional Water Quality Control Board, Central Coastal Region, (Hereafter Board) finds:

1. San Luis Obispo County Department of General Services operates a wastewater collection, treatment, and disposal system providing sewerage service to the Los Osos Library.
2. Treatment facilities consist of septic tanks. Treated wastewater is discharged to on-site subsurface disposal facilities located at 2075 Palisades Avenue, Los Osos, Section 18, T30S, R11E, MDB&M, Morro Bay South Quadrangle, as shown on Attachment "A".
3. The discharge is subject to a prohibition of waste discharge from Individual Sewage Disposal Systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) amended by the Board on September 16, 1983 and approved by the State Water Resources Control Board on January 19, 1984. The Basin Plan Prohibition specifies, in part:

Page 5-100,

- "8. Discharge from individual and community sewage disposals systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the Prohibition boundary map included as Attachment "A" of Resolution No. 83-13."
4. Continued discharges of wastes at the Los Osos Library violates the discharge prohibition cited in Finding No. 3, above. Continued occupancy or use of dwellings and other buildings within the Basin Plan prohibition area, including the Library, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Library.

5. After due notice to the Discharger and other affected persons, the Board on July 7, 1989, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning revision of Cease and Desist Order No. 88-176, which established conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Regulatory Code.

IT IS HEREBY ORDERED THAT, pursuant to Section 13301 of the California Water Code, San Luis Obispo County Department of General Services, at the Los Osos Library, shall comply with Basin Plan prohibition criteria as follows:

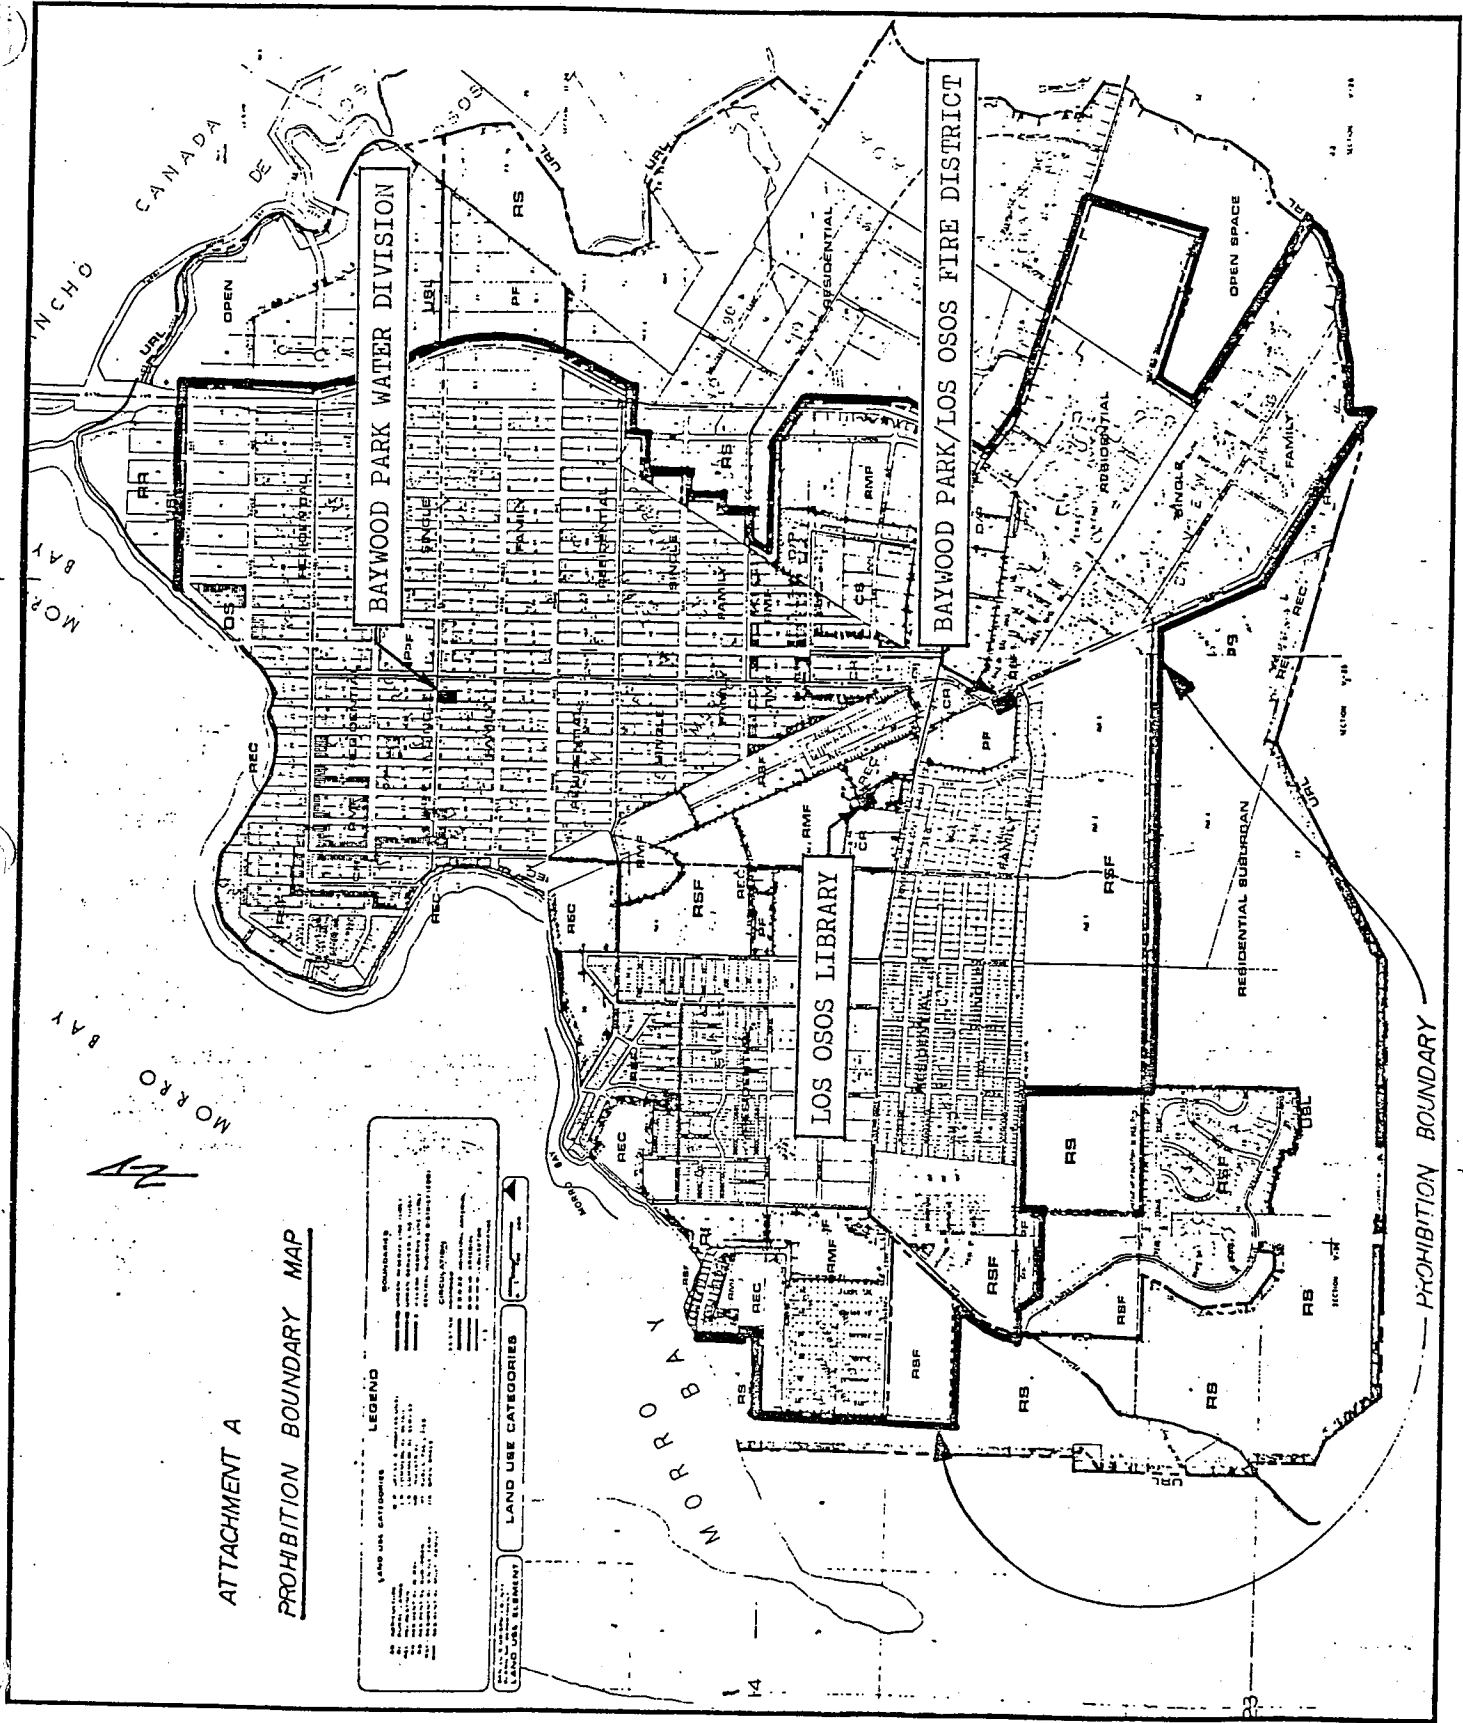

1. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than August 31, 1994.
2. Submit status reports at six month intervals, with the first report due July 15, 1989, describing the expected date of compliance with the Basin Plan, and work completed since the last report to achieve compliance.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on July 7, 1989.

CEASE AND DESIST ORDER NO. 89-125

ORDERING REQUIRING  
SAN LUIS OBISPO COUNTY  
DEPARTMENT OF GENERAL SERVICES,  
SOUTH BAY PARK,  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region, (hereafter Board), finds:

1. San Luis Obispo County Department of General Services operates a wastewater collection, treatment, and disposal system providing sewerage service to the South Bay Park.
2. Treatment facilities consist of septic tanks. Treated wastewater is discharged to on-site subsurface disposal facilities located at the intersection of Los Osos Valley Road and Palisades Avenue, Los Osos (Section 18, T30S, R11E, MD B&M, Morro Bay South Quadrangle), as shown on Attachment "A" of this Order.
3. The discharge is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coastal Basin (Basin Plan) amended by the Board on September 16, 1983, and approved by the State Water Resources Control Board on January 19, 1984. The Basin Plan Prohibition specifies, in part:
  - "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13."
4. Continued discharge of wastes at the South Bay Park violates the discharge prohibition cited in Finding No. 3, above. Continued occupancy or use of dwellings and other buildings within the Basin Plan prohibition area, including the Park, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Park.

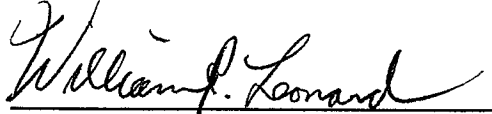

5. After due notice to the Discharger and other affected persons, the Board on July 7, 1989, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning revision of Cease and Desist Order No. 89-94, which established conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, of the California Code of Regulations.

IT IS HEREBY ORDERED, pursuant to Section 13301 of the California Water Code, San Luis Obispo County Department of General Services, at the South Bay Park, shall comply with Basin Plan prohibition criteria as follows:

1. Discharger shall achieve compliance with the Basin Plan as soon as possible, but no later than August 31, 1994.
2. Submit status reports at six month intervals, with the first report due July 15, 1989, describing the expected date of compliance with the Basin Plan, and work completed since the last report to achieve compliance.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability and civil monetary remedies under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, WILLIAM R. LEONARD, Executive Officer, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on July 7, 1989.

**ORDER REQUIRING  
LOS OSOS COMMUNITY SERVICES DISTRICT  
VISTA DE ORO SUBDIVISION  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES IN  
VIOLATION OF A PROHIBITION OF DISCHARGE PRESCRIBED BY THE  
CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD,  
CENTRAL COAST REGION**

The California Regional Water Quality Control Board, Central Coast Region (hereafter Board), finds:

1. Los Osos Community Services District (hereafter Discharger) operates a wastewater collection, treatment, and disposal system providing sewerage service to Vista De Oro Subdivision. Treatment facilities consist of septic tanks.
2. Treated wastewater is discharged to onsite subsurface disposal facilities located southwest of Los Osos adjacent to Pecho Valley Road Section 13, T30S, R11E, MDB&M, Morro Bay South Quadrangle, as shown on Attachment "A" of this Order.
3. The discharge is subject to Waste Discharge Requirements adopted as Order No. 87-101 on June 12, 1987, and subject to a prohibition of waste discharge from individual sewage disposal systems, as specified in the Water Quality Control Plan, Central Coast Region (Basin Plan) amended by the Board on September 16, 1983, and approved by the State Water Resources Control Board on January 19, 1984. Order No. 87-101 specifies, in part:

"A. Prohibition:

4. Discharge is prohibited effective November 1, 1988.

The Basin Plan prohibition, Page 5-100, specifies in part:

- "8. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in the Los Osos/Baywood Park area depicted in the Prohibition boundary map included as Attachment "A" of Resolution No. 83-13."

The discharge cited in Finding No. 2, above, is within the Basin Plan prohibition area.

4. Continued discharge of wastes at the Vista de Oro subdivision violates the discharge prohibitions cited in Finding No. 3, above. Continued occupancy or use of dwellings and other buildings within the Basin Plan prohibition area, including Vista de Oro, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition. No such facilities have been approved or are under construction which would serve the Vista De Oro Subdivision. In the absence of

such facilities, the discharge at Vista de Oro is in violation of the prohibitions cited in Finding No. 3, above.

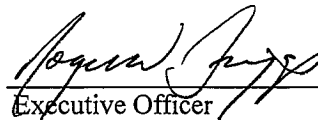

5. After due notice to the Discharger and other affected persons, the Board on May 21, 1999, in San Luis Obispo California, held a public hearing at which evidence was presented concerning issuance of Cease and Desist Order No. 99-56, which establishes conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Section 21000, et seq.) in accordance with Section 15321, Chapter 3, Title 14, California Code of Regulations.

**IT IS HEREBY ORDERED THAT**, pursuant to Section 13301 of the California Water Code, Los Osos Community Services District at Vista De Oro Subdivision, shall comply with Basin Plan prohibition in accordance with the following schedule:

1. Submit complete facility plan/feasibility study and funding plan by January 31, 2000.
2. Submit final California Environmental Quality Act (CEQA) document by July 30, 2000.
3. Submit County Use and Coastal Development Permits by July 30, 2001.
4. Submit approved complete construction design plans (100% design) by May 31, 2001.
5. Commence construction of community sewer system by July 30, 2001.
6. Complete construction of community sewer system by July 30, 2003.
7. Submit status reports at quarterly intervals, with the first report July 15, 1999, describing the expected date of compliance with the Basin Plan, and work completed since the last report to achieve compliance.

Failure to comply with provisions of this Order may subject the Discharger to further enforcement action including assessment of civil liability under Sections 13268 or 13350 of the Water Code and referral to the Attorney General for injunction relief and civil or criminal liability.

I, **Roger W. Briggs, Executive Officer**, of the California Regional Water Quality Control Board, Central Coast Region, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water quality Control Board, Central Coast Region, on May 21, 1999.

CEASE AND DESIST ORDER NO. R3-2004-0015

Requiring

ROBERT AND ELIZABETH CLOVER  
1665 FIFTH STREET, LOS OSOS  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region (hereafter Regional Board), finds:

1. Robert and Elizabeth Clover (Dischargers) operate an on-site wastewater treatment and disposal system at 1665 Fifth Street in Los Osos. The treatment facility consists of a septic tank, treated wastewater is discharged to an on-site subsurface disposal facility.
2. The discharge from the facility is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coast Basin (Basin Plan) adopted by the Regional Board on September 8, 1994. The Basin Plan prohibition specifies, in part:  
  
Page IV-67  
  
"3. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment "A" of Resolution 83-13".
3. Discharges of wastes from the residence at 1665 Fifth Street violate the prohibition of

discharge cited in Finding No. 2, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the residence at 1665 Fifth Street, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition.

4. On February 11, 2004, notice was provided to the Discharger and other affected persons regarding the Regional Board's consideration of this Order.
5. The Regional Board, on May 14, 2004, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is being taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Section 15321, Chapter 3, Division 6, Title 14, California Code of Regulations). In addition, the subject septic system is an existing facility and this Order allows no expansion of use beyond that previously existing. This enforcement action is exempt from the provisions of the California

Environmental Quality Act (Section 15301, Chapter 3, Division 6, Title 14, California Code of Regulations).

**IT IS HEREBY ORDERED**, Robert and Elizabeth Clover, 1665 Fifth Street, Los Osos, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

**A. PROHIBITIONS**

1. Discharge to areas other than the individual disposal area at 1665 Fifth Street, Los Osos, as shown on Attachment "A", is prohibited.
2. Discharge of any wastes, including overflow, bypass, surfacing and seepage from treatment or disposal systems to adjacent drainage ways or onto adjacent properties is prohibited.
3. Bypass of the treatment facility and discharge of untreated or partially treated wastes directly to the disposal area is prohibited.

**B. DISCHARGE SPECIFICATIONS**

1. Daily flow to the disposal area shall not exceed 375 gallons-per-day.
2. The public shall not have contact with sewage as a result of the treatment and disposal operations.

**C. PROVISIONS**

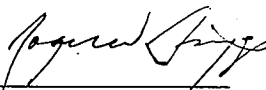

1. Discharger shall inform any subsequent owner of this Order and its requirements.

2. Discharger shall notify the Executive Officer in writing of any contemplated transfer of ownership at least 30 days prior to transfer of ownership.
3. Discharger shall comply with all applicable items of the attached "Standard Provisions and Reporting Requirements" dated January 1984. These provisions and reporting requirements require ongoing septic system maintenance until connection to the community-wide sewer system is completed.
4. Discharger shall achieve compliance with the Basin Plan as soon as possible.
5. Discharger shall connect to the community sewer system no later than 30 days after availability of the community sewer.
6. This Order replaces Cease and Desist Order No. 01-97. Cease and Desist Order No. 01-97 is hereby rescinded.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

**FAILURE TO COMPLY WITH PROVISIONS OF THIS ORDER MAY SUBJECT THE DISCHARGER TO FURTHER ENFORCEMENT ACTION INCLUDING ASSESSMENT OF CIVIL LIABILITY UNDER SECTIONS 13268 OR 13350 OF THE WATER CODE AND REFERRAL TO THE ATTORNEY GENERAL FOR INJUNCTIVE RELIEF AND CIVIL OR CRIMINAL LIABILITY.**

I, **Roger W. Briggs, Executive Officer**, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on May 14, 2004.

Dear Becks, Clovers, Niensens, Riolos and Szopinskis:

### RESCISSION OF WASTE DISCHARGE REQUIREMENTS AND REVISED CEASE AND DESIST ORDERS FOR YOUR RESIDENTIAL WASTE SYSTEMS

On May 14, 2004 the Regional Water Quality Control Board rescinded your Waste Discharge Requirements and revised the Cease and Desist Order regulating discharge of domestic wastewater to an on-site disposal system (septic system). The revised Cease and Desist Order is enclosed. Please familiarize yourself with the Order and its requirements.

If you have questions regarding this matter, please call Sorrel Marks at 805/549-3695 or Gerhardt Hubner at 805/542-4647.

Sincerely,

  
for Roger W. Briggs  
Executive Officer

Recycled Paper  
57 / 61

Item No. 10 Attachment D  
November 8-9, 2018  
Enforcement Orders to Terminate

STATE OF CALIFORNIA  
CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL COAST REGION  
895 Aerovista Place, Suite 101  
San Luis Obispo, CA 93401

CEASE AND DESIST ORDER NO. R3-2004-0017

Requiring

PETER AND ANNE RIOLO  
1775 FIFTH STREET, LOS OSOS  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region (hereafter Regional Board), finds:

1. Peter and Anne Riolo (Dischargers) operate an on-site wastewater treatment and disposal system at 1775 Fifth Street in Los Osos. The treatment facility consists of a septic tank, treated wastewater is discharged to an on-site subsurface disposal facility.
2. The discharge from the facility is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coast Basin (Basin Plan) adopted by the Regional Board on September 8, 1994. The Basin Plan prohibition specifies, in part:

Page IV-67

- “3. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment “A” of Resolution 83-13”.
3. Discharges of wastes from the residence at 1775 Fifth Street violate the prohibition of

discharge cited in Finding No. 2, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the residence at 1775 Fifth Street, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition.

4. On February 11, 2004, notice was provided to the Discharger and other affected persons regarding the Regional Board’s consideration of this Order.
5. The Regional Board, on May 14, 2004, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is being taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Section 15321, Chapter 3, Division 6, Title 14, California Code of Regulations). In addition, the subject septic system is an existing facility and this Order allows no expansion of use beyond that previously existing. This enforcement action is exempt from the provisions of the California

Environmental Quality Act (Section 15301, Chapter 3, Division 6, Title 14, California Code of Regulations).

**IT IS HEREBY ORDERED**, Peter and Anne Riolo, 1775 Fifth Street, Los Osos, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

**A. PROHIBITIONS**

1. Discharge to areas other than the individual disposal area at 1775 Fifth Street, Los Osos, as shown on Attachment "A", is prohibited.
2. Discharge of any wastes, including overflow, bypass, surfacing and seepage from treatment or disposal systems to adjacent drainage ways or onto adjacent properties is prohibited.
3. Bypass of the treatment facility and discharge of untreated or partially treated wastes directly to the disposal area is prohibited.

**B. DISCHARGE SPECIFICATIONS**

1. Daily flow to the disposal area shall not exceed 375 gallons-per-day.
2. The public shall not have contact with sewage as a result of the treatment and disposal operations.

**C. PROVISIONS**

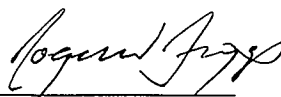

1. Discharger shall inform any subsequent owner of this Order and its requirements.

2. Discharger shall notify the Executive Officer in writing of any contemplated transfer of ownership at least 30 days prior to transfer of ownership.
3. Discharger shall comply with all applicable items of the attached "Standard Provisions and Reporting Requirements" dated January 1984. These provisions and reporting requirements require ongoing septic system maintenance until connection to the community-wide sewer system is completed.
4. Discharger shall achieve compliance with the Basin Plan as soon as possible.
5. Discharger shall connect to the community sewer system no later than 30 days after availability of the community sewer.
6. This Order replaces Cease and Desist Order No. 01-97. Cease and Desist Order No. 01-97 is hereby rescinded.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

**FAILURE TO COMPLY WITH PROVISIONS OF THIS ORDER MAY SUBJECT THE DISCHARGER TO FURTHER ENFORCEMENT ACTION INCLUDING ASSESSMENT OF CIVIL LIABILITY UNDER SECTIONS 13268 OR 13350 OF THE WATER CODE AND REFERRAL TO THE ATTORNEY GENERAL FOR INJUNCTIVE RELIEF AND CIVIL OR CRIMINAL LIABILITY.**

**I, Roger W. Briggs, Executive Officer**, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on May 14, 2004.

CEASE AND DESIST ORDER NO. R3-2004-0018

Requiring

HENRIC SZOPINSKI  
1731 FIFTH STREET, LOS OSOS  
SAN LUIS OBISPO COUNTY  
TO CEASE AND DESIST FROM DISCHARGING WASTES  
IN VIOLATION OF A BASIN PLAN PROHIBITION  
PRESCRIBED BY THE CALIFORNIA REGIONAL WATER  
QUALITY CONTROL BOARD, CENTRAL COAST REGION

The California Regional Water Quality Control Board, Central Coast Region (hereafter Regional Board), finds:

1. Henric Szopinski (Dischargers) operate an on-site wastewater treatment and disposal system at 1731 Fifth Street in Los Osos. The treatment facility consists of a septic tank, treated wastewater is discharged to an on-site subsurface disposal facility.
2. The discharge from the facility is subject to a prohibition of waste discharge from individual sewage disposal systems as specified in the Water Quality Control Plan, Central Coast Basin (Basin Plan) adopted by the Regional Board on September 8, 1994. The Basin Plan prohibition specifies, in part:

Page IV-67

- “3. Discharges from individual and community sewage disposal systems are prohibited effective November 1, 1988, in Los Osos/Baywood Park area depicted in the prohibition boundary map included as Attachment “A” of Resolution 83-13”.
3. Discharges of wastes from the residence at 1731 Fifth Street violate the prohibition of

discharge cited in Finding No. 2, above. Continued occupancy of dwellings and other buildings within the Basin Plan prohibition area, including the residence at 1731 Fifth Street, will require the design and construction of facilities to treat and dispose of sewage in a manner consistent with the Basin Plan prohibition.

4. On February 11, 2004, notice was provided to the Discharger and other affected persons regarding the Regional Board’s consideration of this Order.
5. The Regional Board, on May 14, 2004, in San Luis Obispo, California, held a public hearing at which evidence was presented concerning adoption of conditions for achieving full compliance with the Basin Plan prohibition.
6. This enforcement action is being taken for the protection of the environment and as such is exempt from the provisions of the California Environmental Quality Act (Section 15321, Chapter 3, Division 6, Title 14, California Code of Regulations). In addition, the subject septic system is an existing facility and this Order allows no expansion of use beyond that previously existing. This enforcement action is exempt from the provisions of the California

Environmental Quality Act (Section 15301, Chapter 3, Division 6, Title 14, California Code of Regulations).

**IT IS HEREBY ORDERED**, Henric Szopinski, 1731 Fifth Street, Los Osos, pursuant to Section 13301 of the California Water Code, shall comply with Basin Plan prohibition criteria as follows:

**A. PROHIBITIONS**

1. Discharge to areas other than the individual disposal area at 1731 Fifth Street, Los Osos, as shown on Attachment "A", is prohibited.
2. Discharge of any wastes, including overflow, bypass, surfacing and seepage from treatment or disposal systems to adjacent drainage ways or onto adjacent properties is prohibited.
3. Bypass of the treatment facility and discharge of untreated or partially treated wastes directly to the disposal area is prohibited.

**B. DISCHARGE SPECIFICATIONS**

1. Daily flow to the disposal area shall not exceed 375 gallons-per-day.
2. The public shall not have contact with sewage as a result of the treatment and disposal operations.

**C. PROVISIONS**

1. Discharger shall inform any subsequent owner of this Order and its requirements.

2. Discharger shall notify the Executive Officer in writing of any contemplated transfer of ownership at least 30 days prior to transfer of ownership.
3. Discharger shall comply with all applicable items of the attached "Standard Provisions and Reporting Requirements" dated January 1984. These provisions and reporting requirements require ongoing septic system maintenance until connection to the community-wide sewer system is completed.
4. Discharger shall achieve compliance with the Basin Plan as soon as possible.
5. Discharger shall connect to the community sewer system no later than 30 days after availability of the community sewer.
6. This Order replaces Cease and Desist Order No. 01-97. Cease and Desist Order No. 01-97 is hereby rescinded.

Nothing in this Order shall imply that the Discharger is excused from complying with the terms of the Basin Plan prohibition.

FAILURE TO COMPLY WITH PROVISIONS OF THIS ORDER MAY SUBJECT THE DISCHARGER TO FURTHER ENFORCEMENT ACTION INCLUDING ASSESSMENT OF CIVIL LIABILITY UNDER SECTIONS 13268 OR 13350 OF THE WATER CODE AND REFERRAL TO THE ATTORNEY GENERAL FOR INJUNCTIVE RELIEF AND CIVIL OR CRIMINAL LIABILITY.

**I, Roger W. Briggs, Executive Officer**, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Coast Region, on May 14, 2004.
