Attachment 1 to the staff report for item 10 includes the proposed Administrative Civil Liability Order No. R3-2019-0039 (ACL Order) that requires Board approval to settle enforcement actions associated with the City of Morgan Hill's sanitary sewer system overflows to Llagas Creek. This supplemental includes a revised proposed ACL Order with updated calendar due dates for the Enhanced Compliance Action (ECA) Projects (see old dates in strike out and new dates in bold red and underlined text in Section III: Stipulations 14 and 16 on page 5 and page 6 of the Order, respectively). The updated calendar due dates are now consistent with the proposed ECA Project schedules that were agreed upon during settlement discussions with the City of Morgan Hill. Please note that staff also corrected minor typographic errors such as consistent page numbers at the bottom of the proposed Order and consistent headers. Please replace the old Attachment 1 to the staff report with this revised ACL Order.
