### PROPOSED SETTLEMENT AGREEMENT AND CONTINUANCE OF HEARINGS FOR DESIGNATED PARTIES WHO HAVE AGREED TO SETTLE

Several Designated Parties have agreed to a proposed settlement agreement, or are currently negotiating a proposed settlement agreement, with the Prosecution Team. The hearings for those Designated Parties who agree to a proposed settlement with the Prosecution Team by December 14, 2006, will be deferred to allow the Water Board to consider approval of proposed settlements instead of the issuance of individual Cease and Desist Orders to those Designated Parties. **However, the hearings scheduled on December 14 and 15 will be held to consider issuance of individual Cease and Desist Orders for those Designated Parties who have not agreed to a proposed settlement with the Prosecution Team as of December 14.**

The Water Board will consider approval of proposed settlements pursuant to a proposed settlement agreement on Thursday, December 14, 2006, as scheduled below. The Water Board may, at its discretion, approve settlement pursuant to the proposed settlement agreement, reject it, or seek stipulations by the Prosecution Team and settling Designated Parties for revisions to any proposed settlement agreement. If the Water Board seeks revision of the proposed settlement agreement, the Water Board will also set a date by which Designated Parties must decide if they will sign the agreement or continue with the hearing process.

The Water Board will consider only settlement proposals between the Prosecution Team and Designated Parties (as the parties proposing a settlement).

1. Are persons who own or occupy each property (i.e., the persons named in each proposed Cease and Desist Order) discharging or threatening to discharge in violation of the Los Osos/Baywood Park prohibition in the Basin Plan?
2. Are the requirements of the proposed Cease and Desist orders the appropriate remedy for violations of the prohibition? Specific circumstances of each discharge are relevant

only to the remedy the board may adopt if the board finds that violations are taking place or are threatening to take place.

## NOTICE

The validity of the discharge prohibition applicable to persons discharging to individual or community disposal systems within the Los Osos/Baywood Park prohibition zone is not an issue that is before the Regional Water Board in these proceedings; nor is it susceptible to collateral challenge through these proceedings, or in any petition for review of these proceedings. The Chair will not permit any party to present evidence or argument that challenges the validity of the Los Osos/Baywood Park prohibition.

Parties named in individual Cease and Desist Orders are expected to attend the hearing and summarize their written testimony as described above. If a party does not attend the hearing, the hearing will proceed *in absentia* and the Water Board will rely on written testimony from the absentee party. If any party encounters actual circumstances that prevent the party from attending the scheduled hearing, it is the party's responsibility to contact the Water Board as soon as possible to seek a continuance and provide substantial justification of prejudice to the party as a result of the party's absence from the hearing. If a party is unable to attend and requests a continuance, the Water Board will consider the request before proceeding with the hearing regarding whether or not to adopt the proposed Cease and Desist Order for the absent party. There is no guarantee that the Water Board will grant a continuance. If a party does not attend the hearing, and does not receive a continuance, the party will be in default and will be deemed to have waived the right to testify at the hearing.
