

October 12, 2006

To: California Regional Water Quality Control Board,
Central Coast Region

In the Matter of: Proposed Cease and Desist Order No. R3-
2006-1031

It is our understanding that the proposed Cease and Desist Order against our property involves two main requirements: 1) connect to the community sewage treatment plant within 60 days after the sewage treatment plant becomes available, and 2) have our septic tank pumped and repaired (if necessary) within three months. As the homeowners of this property, we are very willing to voluntarily comply with both of these requirements. We ask that the extreme measure of a Cease and Desist Order not be enacted against our home at this time, until we have had the opportunity to voluntarily comply with these requirements.

Property: 1492 9th Street

Property owners: Weyel, Gary and Carolyn E.L.
