## Los Angeles Regional Water Quality Control Board

August 31, 2018

**Certified Mail No. 7016 2070 0000 9794 6417**  
Return Receipt Requested

Susan Cline, Director  
Department of Public Works  
City of Santa Monica  
1685 Main St.  
Santa Monica, CA 90401

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS CITY OF SANTA MONICA - WELL No. 3, OLYMPIC BLVD. AT CENTINELA AVE., SANTA MONICA, CA (NPDES No. CAG914001, CI-10055)**

Dear Ms. Cline:

In our letter dated June 3, 2014, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Treated Groundwater from Investigation and/or Cleanup of Volatile Organic Compounds-Contaminated Sites to Surface Waters in Los Angeles and Ventura Counties*, adopted by this Board on March 7, 2013.

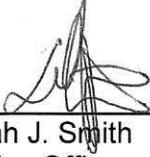

Your letter of August 16, 2018, to Regional Water Board staff requested termination of your coverage under the general NPDES permit, Order No. R4-2013-0043. The letter indicated that the Well No. 3 owned by the City of Santa Monica (the City) will be destroyed and re-drilled. The City anticipates the well re-drilling will be completed by the end of 2019 and discharges from the well will be routed to the sanitary sewer system.

Since there is no discharge of groundwater from the site to surface water, coverage under Board Order R4-2013-0043, General NPDES Permit No. CAG914001, CI-10055, is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Carlos D. Santos at 213-620-2093, or email him at [csantos@waterboards.ca.gov](mailto:csantos@waterboards.ca.gov).

Sincerely,

---

Deborah J. Smith  
Executive Officer
