

**Los Angeles Regional Water Quality Control Board**

June 29, 2015

Mr. Tully Clifford  
Ventura County Watershed Protection District  
800 S. Victoria Avenue  
Ventura, CA 93009

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS- VENTURA COUNTY WATERSHED PROTECTION DISTRICT, LEWIS DRAIN CHANNEL OUTLET REHABILITATION, CONFLUENCE OF CONEJO CREEK AND CALLEGUAS CREEK, CAMARILLO, CALIFORNIA (NPDES NO. CAG994004, CI-10133)**

Dear Mr. Clifford::

In our letter dated February 19, 2015, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

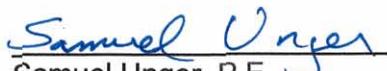

On June 24, 2015, your staff (Mr. Masood Jilani) informed the Regional Board that your agency's contractor has not discharged groundwater from the above-referenced project to the Calleguas Creek. The groundwater generated from the subject project is discharged to the Camrosa Sanitation District sanitary sewer system. Since the NPDES permit is no longer necessary, Mr. Jilani requested termination of coverage under the above-referenced General NPDES permit.

Since the NPDES permit is no longer needed, coverage under Board Order R4-2013-0095 for the subject site is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

CHARLES STRINGER, CHAIR | SAMUEL UNGER, EXECUTIVE OFFICER
