TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—CAMERON HUNTLEY LLC, 723 & 649 HUNTLEY DRIVE, WEST HOLLYWOOD, CALIFORNIA (NPDES NO. CAG994004, CI—10146)

Dear Mr. Kooklanfar:

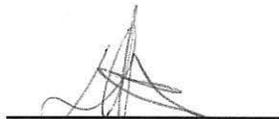

The subject discharges are regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your November 11, 2017, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the construction projects and that the General NPDES permit is no longer needed. On April 4, 2018, Water Board Enforcement staff inspected the facility and observed no discharges from the facility to storm drain system. Since there is no discharge of groundwater from the project sites, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-10146 is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Deborah J. Smith
Executive Officer
