

EDMUND G. BROWN JR.
GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

December 23, 2016

Mr. Peter Zorba
NASA-SSFL Project Manager
5800 Woolsey Canyon Road
Canoga Park, CA 91304

TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS FOR HYDRAULIC TESTING USING POTABLE WATER AT THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION (NASA) AREA OF SANTA SUSANA FIELD LABORATORY PROPERTY, 5800 WOOLSEY CANYON ROAD, CANOGA PARK, CALIFORNIA 93063 (FILE NO. 15-050, ORDER NO. 2012-0010, SERIES NO. 002, CI-10158, GLOBAL ID WDR100023597)

Dear Mr. Zorba:

On July 31, 2015, the Los Angeles Regional Water Quality Control Board (Regional Board) informed you that the injection of potable water for hydraulic testing is regulated under State Water Resources Control Board (State Board) Water Quality Order No. 2012-0010, which specifies your Waste Discharge Requirements (WDR).

In a letter dated November 22, 2016, you requested the termination of the WDR coverage under State Board Water Quality Order No. 2012-0010 because all the injection activities were completed on April 7, 2016, and no additional injection activities are planned. As a result, the WDR is no longer needed. The coverage for the subject facility, under State Board Water Quality Order No. 2012-0010, is hereby terminated with the exception of enforcement under the term of the permit.

If you have any additional questions, please contact the Project Manager, Mr. David Koo at (213) 620-6155 (david.koo@waterboards.ca.gov) or the Groundwater Permitting Unit Chief, Dr. Eric Wu at (213) 576-6683 (eric.wu@waterboards.ca.gov).

Sincerely,

A handwritten signature in blue ink that reads "Samuel Unger".

Samuel Unger, P.E.
Executive Officer
