TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS, HARVARD TOWERS, 831 – 843 HARVARD BVLD., LOS ANGELES , CA (NPDES No. CAG994004, CI-10175)

Dear Mr. Kerendian:

In our letter dated July 8, 2016, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

Your letter of November 9, 2017, to Regional Water Board staff requested termination of your coverage under the general NPDES permit, Order No. R4-2013-0095. The letter indicated that dewatering activity has ceased since September 30, 2017.

On April 12, 2018, Regional Water Board staff inspected your facility and found that there is no discharges of groundwater to the storm drain at the site. Since there is no discharge of groundwater from the site, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-10175, is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Carlos D. Santos at 213-620-2093, or email him at csantos@waterboards.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Deborah J. Smith".

Deborah J. Smith
