## Los Angeles Regional Water Quality Control Board

March 5, 2020

Ms. Katherine Rubin  
City of Los Angeles  
Department of Water and Power  
111 N. Hope Street, Room 1213  
Los Angeles, CA 90012

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – CITY OF LOS ANGELES DEPARTMENT OF WATER AND POWER, GRIFFITH PARK SOUTH WATER RECYCLING PROJECT, 4730 CRYSTAL SPRINGS DRIVE, LOS ANGELES, CA (NPDES NO. CAG994004, CI-10224)**

Dear Ms. Rubin:

The subject discharge is regulated under order No. R4-2013-0095, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your letter dated May 7, 2019, requesting termination of your coverage under the General Permit. The letter indicated that you have stopped discharging from the above-referenced facility to surface water and that the subject NPDES permit is no longer needed. On February 21, 2020, Board staff inspected the site and confirmed no discharges were present. Since there is no discharge of groundwater from the facility, coverage under Board Order R4-2013-095, General NPDES Permit No. CAG994004 for the facility is hereby terminated, except for enforcement purposes.

Please note, if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Peter Ho at (213) 620-2093.

Sincerely,

---

Renee Purdy  
Executive Officer
