TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENT—LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY, REGIONAL CONNECTOR TRANSIT CORRIDOR PROJECT, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI—10323)

Dear Mr. Liban:

The subject discharges are regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your June 5, 2019, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that Regional Connector Transit Corridor Project for Los Angeles Downtown segment has been completed and the groundwater discharge from the project site never occurred. Therefore, the General NPDES permit is no longer needed. Since the construction project is completed and discharge of groundwater from the facility did not occur, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-10323 is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

Mr. Emmanuel Liban
Deputy Executive Officer, Environment
