

## Los Angeles Regional Water Quality Control Board

May 31, 2019

Mr. Dennis White  
812 Huntley, LLC  
100 North Sycamore #41  
Los Angeles, CA 90036

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—812 HUNTLEY, LLC—812 HUNTLEY DRIVE PROJECT, 812 HUNTLEY DRIVE, WEST HOLLYWOOD, CALIFORNIA (NPDES NO. CAG994004, CI—10359**

Dear Mr. White:

In our letter dated September 12, 2017, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your November 13, 2018, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the dewatering project was completed and that the subject NPDES permit is no longer needed.

On May 30, 2019, Board staff inspected the project site and verified that there is no discharge of groundwater from the facility to the storm drain. Since there is no discharge of wastewater from the project site, coverage under Board Order No. R4-2013-0095, General NPDES Permit No. CAG994004, CI-10359 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of wastewater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Renee Purdy  
Executive Officer
