Mr. John R. Mundy, General Manager
Las Virgenes Municipal Water District
4232 Las Virgenes Road
Calabasas, California 91302

Dear Mr. Mundy:

WASTE DISCHARGE REQUIREMENTS – LAS VIRGENES MUNICIPAL WATER DISTRICT, TAPIA WATER RECLAMATION FACILITY (NPDES NO. CA0056014, CI NO. 4760)

Our letter dated October 3, 2005, transmitted a revised tentative Order and revised Time Schedule Order (TSO) for renewal of your permit to discharge wastes under the National Pollutant Discharge Elimination System (NPDES).

Pursuant to Division 7 of the California Water Code, this Regional Board at a public hearing held on November 3, 2005, reviewed the revised tentative requirements, considered all comments received, and adopted Order R4-2005-0074 and TSO R4-2005-0075 (copies enclosed) for your waste discharge. Order No. R4-2005-0074 serves as your NPDES permit and expires on June 10, 2010 and and TSO expires on May 17, 2010. Section 13376 of the California Water Code requires that an application for a new permit must be filed at least 180 days before the expiration date.

The complete final Order and Permit will be sent only to the Discharger. However, these documents are available on the Regional Board' website for your review. The Regional Board' web address is www.waterboards.ca.gov/losangeles/.

You are required to implement the *Monitoring and Reporting Program (MRP)* on the effective date of Order No. R4-2005-0074. The dates that the monitoring and annual reports must be received at the Regional Board Office are provided in the *MRP*. Submit all monitoring reports and annual reports to the Regional Board, Attn: Information Technology Unit. When submitting monitoring, technical reports, or any correspondence regarding the discharge under Order No. R4-2005-0074 to the Regional Board, please include a reference to our *Compliance File No. CI 4760* to assure that the reports are directed to the appropriate staff and file. Please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.

Mr. John R. Mundy
