Dear Mr. Tomko:

CONTINUATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – THE BOEING COMPANY – LONG BEACH DIVISION, 3855 LAKEWOOD BOULEVARD, LONG BEACH, CALIFORNIA (NPDES NO. CAG994003, CI-6116)

We have completed our review of your Notice of Intent (NOI) and analytical results of representative groundwater samples submitted in order to continue enrollment under the General NPDES Permit. Discharge of wastewater from the above-referenced facility is currently regulated under National Pollutant Discharge Elimination System (NPDES) General Permit No. CAG994003 (Order No. 98-055) adopted by this Board on May 12, 1998.

Based on the attached Fact Sheet and other information provided, we have determined that the cooling water discharge meets the conditions to be regulated under General NPDES Permit No. CAG994003, Order No. R4-2004-0058, *Waste Discharge Requirements for Discharges of Nonprocess Wastewater to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on April 1, 2004. Your existing enrollment under NPDES Permit No. CAG994003, Order No. 98-055 is superseded by this new permit that terminated your coverage under Order No. 98-055.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2003-0058 and updated Monitoring and Reporting Program No. CI-6116. The discharge limitations in Part E.1. of Order No. R4-2004-0058 are applicable to your discharge. Discharge from the project drains to the Los Cerritos Channel; therefore, the discharge limitations in Attachment B are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under Order No. R4-2004-0058. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-6116 and NPDES No. CAG994003", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document.
