

## Los Angeles Regional Water Quality Control Board

March 16, 2015

Mr. Josette Descalzo  
City of Beverly Hills  
Public Works Services  
345 Foothill Road  
Beverly Hills, CA 90210

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS— CITY OF BEVERLY HILLS, 245 NORTH CRESCENT DRIVE, BEVERLY HILLS, CALIFORNIA (NPDES NO. CAG994004, CI-6684)**

Dear Mr. Descalzo:

In our letter dated July 23, 2014 we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

On March 7, 2015, you informed the Regional Board that the City of Beverly Hills terminated the groundwater discharge from the facility to the storm drain system and re-routed the discharge to the sanitary sewer system. Since the NPDES permit is no longer necessary, you requested termination of coverage under the above-referenced General NPDES permit.

On March 10, 2015, Regional Board staff inspected the subject facility and verified that the groundwater discharge has been connected to the sanitary sewer and that there is no groundwater discharge from the site to surface water. Therefore, coverage under Board Order No. R4-2013-0095 for the subject facility is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

Mr. Josette Descalzo  
City of Beverly Hills, Public Works Services
