Dear Mr. Grossgold:

**CONTINUATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – NAVAL BASE VENTURA COUNTY, NAVY EXCHANGE GASOLINE STATION, BUILDING 161, 161 N. MUGU ROAD, POINT MUGU, CALIFORNIA (NPDES NO. CAG834001, CI-6961)**

We have completed our review of your Notice of Intent to comply with general Waste Discharge Requirements and National Pollutant Discharge Elimination System (NPDES) Permit.

Based on the attached Fact Sheet and other information provided, we have determined that your discharge of treated groundwater from groundwater cleanup activity meets the conditions to be regulated under Order No. R4-2002-0125, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 11, 2002.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2002-0125 and Monitoring and Reporting Program No. CI-6961. Order No. R4-2002-0125 replaces Order No. 97-046, which has been terminated. Therefore, compliance with the new permit Order No. R4-2002-0125 and Monitoring and Reporting Program CI-6961 is effective upon receipt of this authorization letter. The groundwater discharge from the cleanup project drains into Oxnard Drainage District No. 2 Ditch that flows into Calleguas Creek (below Potrero Road); therefore, the discharge limits in Attachment B of Order No. R4-2002-0125 are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-6961 and NPDES No. CAG834001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document. In order to avoid future
