TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS - L & R GROUP OF COMPANIES, 220 SOUTH SPRING STREET, LOS ANGELES, CA (NPDES NO. CAG994004, CI 7013)

Dear Mr. Pace:

The subject discharge is regulated under Order No. R4-2003-0111, General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties, adopted by this Board on August 7, 2003.

We have reviewed your letter dated November 30, 2012, requesting termination of your coverage under the subject General Permit. The letter indicated that the facility rerouted the groundwater discharge from the storm drain to the sanitary sewer. On October 31, 2012, you obtained a City of Los Angeles permit to connect to the sanitary sewer.

On February 19, 2012, Board staff inspected the subject facility and verified the sanitary sewer connection and that there is no discharge of groundwater from the facility to surface water. Since there is no discharge of groundwater from the facility, coverage under Board Order R4-2003-0111, General NPDES Permit No. CAG994004 for the facility is hereby terminated, except for enforcement purposes.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

A handwritten signature in blue ink that reads "Samuel Unger".
