**Los Angeles Regional Water Quality Control Board**

October 6, 2017

Mr. Robert Granado  
Director, Environmental Compliance  
Kinder Morgan Liquids Terminals, LLC  
1100 Town and Country Road  
Orange, CA 92868

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—KINDER MORGAN LIQUIDS TERMINALS, LLC, CARSON TERMINAL, 2000 E. SEPULVEDA BOULEVARD, CARSON, CALIFORNIA (NPDES NO. CAG674001, CI-7107)**

Dear Mr. Granado:

The subject discharges are regulated under the General National Pollutant Discharge Elimination System (NPDES) Permit. Discharge of hydrostatic test water from the above referenced project site is currently regulated under General NPDES Permit No. CAG674001 (Order No. R4-2009-0068) adopted by this Board on June 4, 2009.

We have reviewed your June 22, 2017, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the hydrostatic test project at your facility and that the General NPDES permit is no longer needed. On September 18, 2017, Board staff inspected the facility and verified that there is no discharge of hydrostatic test water from the facility to the storm drain. Since there is no discharge of test water from the facility, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001, CI-7107 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of hydrostatic test water to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

Mr. Robert Gerardo  
Director, Environmental Compliance  
Kinder Morgan Liquids Terminals, LLC
