TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—TESORO LOGISTICS OPERATIONS LLC, WEST HYNES PUMP STATION, 5900 CHERRY AVENUE, LONG BEACH, CALIFORNIA (NPDES NO.CAG674001, CI-7770)

Dear Ms. Salazar:

The subject discharge is regulated under Order No. Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties (General NPDES Permit No. CAG674001)*, adopted by this Board on June 4, 2009.

We have reviewed your December 12, 2016, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the hydrostatic test project at your facility and that the General NPDES permit is no longer needed. On January 31, 2016, Board staff inspected the facility and verified that there is no discharge of hydrostatic test water from the facility to the storm drain. Since there is no discharge of test water from the facility, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001, CI-7770 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

A handwritten signature in blue ink that reads "Samuel Unger".

Samuel Unger, P.E.
Executive Officer
