September 22, 2004

Ms. Abbe Berns
Assistant Director-Fire Services
Ventura County Fire Department
165 Durley Avenue
Camarillo, CA 93010

Dear Ms. Berns:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – VENTURA COUNTY FIRE DEPARTMENT, VENTURA COUNTY FIRE STATION NO. 30, 325 HILLCREST DRIVE, THOUSAND OAKS, CALIFORNIA (NPDES NO. CAG834001, CI-8198)

In our letter dated January 9, 2003, we informed you that the subject discharge is regulated under Order No. R4-2002-0125, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

We have received and reviewed your letter dated August 11, 2004, submitted by Applied Environmental Technologies, Inc., informing the Regional Board that your discharge of groundwater has ceased at the above-referenced site. Therefore, the NPDES permit is no longer needed. On September 16, 2004, Board staff inspected the site and verified that there is no discharge of groundwater to the storm drain. Since there is no discharge, coverage under Board Order No. R4-2002-0125 for the subject site is hereby terminated except for enforcement purposes.

If you have any questions, please contact Raul Medina at (213) 620-2160.

Sincerely,

Jonathan Bishop
Executive Officer
