Dear Mr. LaBrado:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—PLEASANT VALLEY RECREATION & PARK DISTRICT—MAINTENANCE FACILITY, 380 SKYWAY DRIVE, CAMARILLO, CALIFORNIA (NPDES NO. CAG834001, CI-8345)

In our letter dated September 26, 2007, we informed you that the subject discharge is regulated under Order No. R4-2007-0021, *Waste Discharge Requirements for Treated Groundwater and Other Wastewaters From Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on April 5, 2007, which also serves as your NPDES permit.

We have reviewed your December 22, 2009, letter, requesting termination of your coverage under the General Permit. The letter indicated that the groundwater cleanup project was completed in March 2009 and that you have not discharged groundwater from the subject facility since that time.

On January 4, 2009, Board staff inspected the project site and verified that there is no discharge of groundwater from the project to the storm drain. Since there is no discharge of groundwater from the subject project, coverage under Board Order No. R4-2007-0021, General NPDES Permit No. CAG834001 for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharge of any groundwater to surface water becomes necessary at the site, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
