Dear Mr. Occhiline:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – OXNARD AIRPORT – FORMER CONDOR LUFT SITE, 2889 W. FIFTH STREET, OXNARD, CALIFORNIA (NPDES NO. CAG834001, CI-8507)

In our letter dated December 17, 2002, we informed you that the subject discharge is regulated under Order No. R4-2002-0125, *Waste Discharge Requirements for Treated Groundwater and Other Wastewaters From Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 11, 2002, which also serves as your NPDES permit.

We have reviewed the April 12, 2006, First Quarter 2006 Monitoring Report from your consultant, Applied Environmental Technologies Inc. You have requested termination of your coverage under the General Permit. It is our understanding that you have not discharged groundwater from the subject facility since First Quarter 2006.

On August 10, 2006, Board staff inspected the project site and verified that there is no discharge of groundwater from the site to the storm drain. Since there is no discharge of groundwater from the subject site, coverage under Board Order No. R4-2002-0125, General NPDES Permit No. CAG834001 for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,
