Dear Mr. Escobar:

REVISION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – CITY OF INGLEWOOD, WELL NOS. 1, 2, 4 AND 6, ONE MANCHESTER BLVD., INGLEWOOD, CALIFORNIA (NPDES NO. CAG994005, CI-8560)

We have completed our review of your request to include potable water supply Well Nos. 1, 2 and 4 under your existing General NPDES Permit for discharge of groundwater to surface water issued to City of Inglewood on October 23, 2006 for well No. 6. Discharge of groundwater generated from Well No. 6 is currently regulated under General NPDES Permit No. CAG994005 (Order No. R4-2003-0108), *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

Based on the information provided, we have no objections to you including discharges from Well Nos. 1, 2 and 4 under your enrollment for the above-referenced NPDES permit. Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2003-0108 and Monitoring and Reporting Program No. CI-8560. The effluent limitations in Section E.1 and E.2 of Order No. R4-2003-0108 are applicable to your discharge. The groundwater discharge flows into Dominguez Channel. Therefore, the discharge limitations in Attachment B of Order No. R4-2003-0108 are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8560 and NPDES No. CAG994005", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.
