

State of California  
CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD, LOS ANGELES REGION

ORDER No. R4-2005-0060

RESCINDING WASTE DISCHARGE REQUIREMENTS  
FOR  
DISCHARGES IN THE LOS ANGELES REGION

The California Regional Water Quality Control Board, Los Angeles Region, finds:

1. This Regional Board adopted waste discharge requirements for discharges to land for Discharger listed below.
2. This discharger has completed the shallow soil remediation activity at South Tank Farm area as permitted in the waste discharge requirements.
3. Therefore, the following waste discharge requirements permit is no longer necessary and should be rescinded.
4. The following order is hereby rescinded, except for enforcement purposes.
5. The rescission of waste discharge requirements is exempt from the provisions of Chapter 3 (commencing with Section 21100), Division 13, Public Resources Code, in accordance with Water Code Section 13389.

The Regional Board has notified the Discharger and interested agencies and persons of its intent to consider rescission of the following waste discharge requirements and has provided them with an opportunity to submit their written views and recommendations.

The Regional Board, in a public hearing, heard and considered all comments and testimony pertinent to the matter.

IT IS HEREBY ORDERED that the following waste discharge requirement permit be rescinded:

<u>Discharger</u>	<u>Order No.</u>	<u>Reason for Rescission</u>
Golden West Refining Company, 13539 East Foster Road, Santa Fe Springs (File No. 85-13)	(Adoption Date) R4-2003-0158 (December 4, 2003)	Shallow soil remediation activity at South Tank Farm Area is complete.

The Executive Officer of this Regional Board, is authorized, and he is hereby directed, to certify and submit copies of this Order to the Discharger, and to such individuals and governmental agencies as may have needed therefor, or may request same.

I, Jonathan Bishop, Executive Officer, do certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Los Angeles Region on September 1, 2005.
