Dear Mr. Curtas:

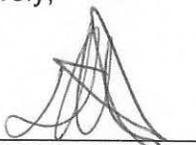

On February 3, 2011, the California Regional Water Quality Control Board, Los Angeles Region (Regional Board), informed you that the subject discharge, at the site referenced above, is regulated under Regional Board Order No. R4-2011-0036 (Order), which specifies your Waste Discharge Requirements (WDRs).

In a letter dated March 12, 2018 from Ms. Sibel Tekce, on behalf of the Anadite California Restoration Trust, you notified the Regional Board that no WDR-permitted discharge has been conducted since 2016 and you requested immediate termination of the WDR. In addition, according to the Regional Board's records, no Report of Waste Discharge has been filed since issuance of the Order on February 3, 2011 for the issuance of new waste discharge requirements.

Please note that the Order expired on February 3, 2016 (see page 8 of the Order). There is no need to terminate an expired Order.

If you have any questions, please contact the Project Manager, Mr. Peter Raftery at (213) 620-6156 (Peter.Raftery@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (Eric.Wu@waterboards.ca.gov).
