November 27, 2006

Mr. Montri Phuvadakorn
Al-Sal Oil Company
3410 E. Foothill Boulevard
Pasadena, CA 91107

Dear Mr. Phuvadakorn:

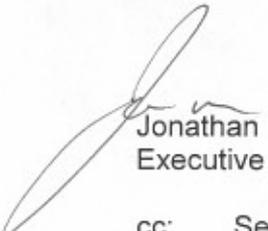

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – AL-SAL OIL COMPANY, STATION NO. 4, 9081 W. PICO BOULEVARD, LOS ANGELES (NPDES CAG834001, CI-8688)

In our letter dated December 12, 2003, we informed you that the subject discharge is regulated under Order No. R4-2002-0125, *General NPDES and Waste Discharge Requirements for Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

In your letter dated October 14, 2005, you informed Regional Board staff that the treatment system at the above-referenced facility has never tied in or discharged to the storm drain. Therefore, you requested termination of the NPDES permit. On November 14, 2006, our staff inspected the facility, and verified that there is no discharge to the storm drain.

Since there is no discharge from the project to the storm drain, coverage under Board Order No. R4-2002-0125 for the subject facility is hereby terminated except for enforcement purposes. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Jonathan S. Bishop
Executive Officer
