TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENT—WILSHIRE VERMONT DEVELOPMENT HOUSING PARTNERS, LP, WILSHIRE VERMONT STATION, 3191 VERMONT AVENUE, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-8764)

Dear Mr. Bogomilsky:

The subject discharges are regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your December 14, 2018, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that Discharger has obtained an Industrial Wastewater Discharge Permit from the City of Los Angeles and commenced discharging of seepage groundwater beneath the facility to the City's sanitary sewer system. The General NPDES permit is no longer needed. Since there is no discharge of groundwater from the facility, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-8764 is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Executive Officer

IRMA MUÑOZ, CHAIR | DEBORAH SMITH, EXECUTIVE OFFICER
