Dear Ms. Rubin:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—LOS ANGELES DEPARTMENT OF WATER AND POWER, PARTHENIA TRUNK LINE PROJECT, LOS ANGELES, CALIFORNIA (NPDES NO. CAG674001, CI-8801)

The subject discharge is regulated under Order No. R4-2009-0068, *Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties (General NPDES Permit No. CAG674001)*, adopted by this Board on June 4, 2009.

We have reviewed your May 21, 2012, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the project and the permit is no longer needed. On October 15, 2012, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of hydrostatic test water from the site, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001, CI-8801 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

A handwritten signature in blue ink that reads "Samuel Unger".

Samuel Unger, P.E.
