Dear Ms. Catlin:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – WESTLAKE LAKE MANAGEMENT ASSOCIATION, WESTLAKE LAKE WATER SUPPLY, 32353 W. TRIUNFO CANYON ROAD, WESTLAKE, CALIFORNIA (NPDES NO. CAG994005, CI-8811)

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES).

Based on the information provided, the proposed discharge of groundwater meets the conditions to be regulated under Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2003-0108 and Monitoring and Reporting Program No. CI-8811. Since the groundwater analytical data provided meets the screening criteria, full enrollment under this general permit is authorized and Section E.2. will not be applicable to your discharge. However, the discharge limitations in Part E.1. of Order No. R4-2003-0108 are applicable to your discharge. The groundwater discharge flows into Westlake Lake. Therefore, the discharge limitations in Attachment B.5.a of Order No. R4-2003-0108 are applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8811 and NPDES No. CAG994005", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
