February 29, 2008

Mr. Bob Bostic  
Department of Public Works  
City of Signal Hill  
2175 Cherry Avenue  
Signal Hill, CA 90755

Dear Mr. Bostic:

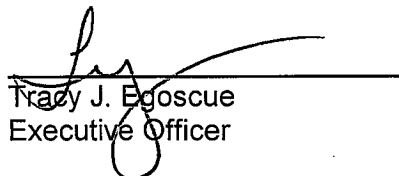

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF SIGNAL HILL, DEPARTMENT OF PUBLIC WORKS, WELL NO. 7, 6476 ORANGE AVENUE, LONG BEACH, CALIFORNIA (NPDES CAG994005, CI—8899)**

In our letter dated May 24, 2005, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On December 17, 2007, you informed the Regional Board staff that the above-referenced project was completed in July 2005. On February 28, 2008, our staff inspected the facility, and verified that there is no discharge to the storm drain.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2003-0108 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

  
Tracy J. Egoscue  
Executive Officer
